OLD NORTH TOWER

DIRECTIONS TO STUDENTS

Students arriving in Edmond should come at once to the Administration Building, where the Dean of Women and a Faculty Committee will assist them in securing suitable boarding places.

The First Semester 1922-1923 will open September 5, 1922, and students may enroll September 5 and 6.

It is important that students enter at the above specified time, when possible, because it avoids delay in classification, gives better opportunity to be with the classes from the beginning and to secure the full benefit of the work. Prompt attention and the best results are assured to those who enter on the regular registration days. Late arrivals must overcome some difficulties in getting adjusted to the environment, and in making up the work that has been passed over by the regular classes.

STATE BOARD OF EDUCATION

State Superintendent R. H. Wilson-----Oklahoma City
L. N. Morrisett, Secretary-----Oklahoma City

MEMBERS

Hon. J. M. Sandlin -----Duncan

CALENDAR

1922-1923

FIRST SEMESTER

- September 5—First Semester begins.
September 5 and 6—Enrollment.
September 7—Class work begins.
September 20, 3 p. m.—Applications made for Life Certificates and Degrees.
September 20, 3:30 p. m.—Applications made for two-year state certificates.
September 21—Applications for Advanced Standing by examination must be in the hands of the committee by 3:15.

October 7, 8 a. m.—Advanced standing examinations, room A6b.
October 31—Half Semester Examinations.

November 6—Second Half-Semester begins.
November 29, 3 p. m.—Thanksgiving holidays begin.

December 22, 3 p. m.—Christmas holidays begin.

January 2, 1923, 8 a. m.—Class work resumed.
January 9 and 10—Semester examinations.
January 12—First Semester closes.
January 15—Second Semester begins.
January 31, 3:10 p. m.—Applications made for degrees.
January 31, 3:10 p. m.—Applications made for life certificates.

February 1, 3:10 p. m.—Applications made for two-year state certificates.
February 1—Applications for advanced standing by examination must be in the hands of the committee by 3:15 p. m.
February 18, 8 a. m.—Advanced standing examinations in room A6b.

March 13—Mid-Semester examinations.
March 19—Second half Semester opens.
March 28, 3:10 p. m.—Applications for degrees and certificates made.

May 13—Baccalaureate address.
May 14 and 15—Semester examinations.
May 18—Convocation.

SUMMER SCHOOL.

- May 25, 26 and 28—Summer enrollment.
May 29—Class work begins.
July 27—Summer School closes.

FACULTY

- 1 John G. Mitchell-----President
M. A., University of Oklahoma.
- 2 Nellie C. Broad-----Secretary to President
Graduate, Central State Teachers College (Oklahoma).
- 3 Wiley E. Scott---Financial Secretary; Director of Correspondence
B. S., Oklahoma Agricultural and Mechanical College.
- 4 Bertha Reed-Scott -----Registrar
A. B., Central State Teachers College (Oklahoma).
- 5 L. B. Ray---Professor of Education; Director of Training School
B. S. and A. B., Central Normal College, Indiana; A. B., Indiana University;
M. A., George Peabody College; Graduate Student, Indiana University.
- 6 F. O. Seymour -----Professor of Education
Graduate North Texas State Normal; M. A., George Peabody College.
- 7 T. R. Fisher -----Associate Professor of Education
Ph. B., University of Chicago.
- *Edmund D. Murdaugh-----Associate Professor of Education
L. M., National University; Ped. D., State Board of Education, Md.
-----Critic Teacher, Seventh and Eighth Grades.
- 9 Cora Stroud -----Critic Teacher, Fifth and Sixth Grades
Graduate, Western Kentucky State Normal; Student, University of Chicago;
B. S., George Peabody College.
- 10 Virginia Howard -----Critic Teacher, Third and Fourth Grades
A. B., University of Oklahoma.
- 11 Lorena Hindes -----Critic Teacher, First and Second Grades
Graduate, Central State Normal, Oklahoma; A. B., Columbia University;
Graduate Student, University of Chicago.
- 2 Francis Coram Oakes-----Professor of English
A. B., University of Oklahoma; Graduate Student, University of Chicago.
-----Associate Professor of English
- 13 Olive Nash -----Associate Professor of English
Graduate, Central State Normal, Oklahoma; A. B., University of Oklahoma;
Graduate Student, University of Oklahoma.
- 14 Anna Grace Adams-----Associate Professor of English
A. M., Columbia University.
- 5 *A. Emma Estill -----Professor of History
A. B., Oklahoma College for Women; Graduate Student, Columbia University.
- 16 Lucy Jeston Hampton-----Associate Professor of History
Graduate, Southwestern State Teachers College, Oklahoma;
A. B., George Washington University; M. A., Columbia University.
- 17 Elsie G. Coover-----Associate Professor of History
A. B., University of Oklahoma

*On Sabbatical leave, 1922-1923.

- 18 Otto William Jeffries ----- Professor of Foreign Languages
Ph. B., University of Chicago; Graduate Student, University of Chicago.
- 19 J. Rothenberger ----- Assistant Professor of Foreign Language
Graduate State Normal of the Canton of the Grisoms (Switzerland);
A. B., South Dakota University; Graduate Student, University of Chicago.
- 20 Edgar Wax ----- Professor of Mathematics
A. B., University of Oklahoma; Graduate Student, University of Oklahoma.
- 21 S. J. Payne ----- Associate Professor of Mathematics
B. Pd., Warrensburg Normal, Missouri.
- 22 Ernest Leland Howell ----- Professor of Physics
A. B., University of Oklahoma; Graduate Student, University of Oklahoma.
- 23 Cliff R. Otto ----- Professor of Chemistry
Graduate, Southwestern State Teachers College, Oklahoma; A. B., University
of Oklahoma; Graduate Student, University of Oklahoma.
- 24 W. C. Jamieson ----- Professor of Agriculture
A. B., University of Kansas; Graduate Student, University of Chicago.
- 25 Olive B. Thomas ----- Professor of Home Economics
B. S., Oklahoma Agricultural and Mechanical College.
----- Assistant Professor of Home Economics
- 26 V. O. Wilsom ----- Professor of Manual Training
Graduate, Northwestern State Normal, Oklahoma;
Ph. B., University of Chicago.
- 27 Mrs. Virginia B. Gresham ----- Professor of Art
A. B., Carson-Newman College, Tennessee; Graduate Student
Columbia University.
- 28 Charles W. Wantland ----- Director Boys' Physical Training
A. B., University of Oklahoma.
----- Director Girls' Physical Training
- 29 Edna Jones ----- Instructor in Penmanship
M. L., Hargrove College, Ardmore, Oklahoma; State Life Certificate;
Graduate Palmer Penmanship School, Cedar Rapids, Iowa; Teachers
Certificate from Zaner and Creamer Systems of Writing.
- 30 Arthur Howard Greene ----- Instructor in Music
State Life Certificate in Voice, Organ, Harmony and Public School Music.
- 31 Ruby Canton ----- Librarian
Student, Columbia University; Library Certificate, University of Wisconsin.
----- Assistant Librarian
- 32 Pauline Root ----- Instructor in Piano
Graduate Kid-Key Conservatory, Sherman, Texas.
- 33 Anna Shapiro ----- Instructor in Violin; Director of Orchestra
Pupil of Ottakar Sevcik; Institute of Musical Art, New York City.
- 34 Loren N. Brown ----- General Secretary, Alumni Association
A. B., Central State Teachers College (Oklahoma)

GENERAL INFORMATION

WHO MAY ATTEND CENTRAL

1. Graduates of the eighth grade who desire to get a good high school education.
2. Students who desire to get a two-year state certificate when they have completed the four years of high school.
3. Students who desire to make grades in subjects in lieu of the examination for a county certificate.
4. Those who desire to secure a good college education for the purpose of better fitting themselves for the general duties and problems of life.
5. High school graduates, including (1) Those who are desirous of fitting themselves for efficient service in the best positions as teachers by completing the course leading to life certificates. (2) Those who desire to secure the degree of B. S. or B. A. in order to prepare themselves for high school teachers, principals, supervisors or administrators.
6. Graduates of any of the Oklahoma State Normal Schools or students who have completed one or two years in a standard college or university who desire to complete the four years college course.

PURPOSE

Central State Teachers' College, being supported by the state, recognizes as its plain duty and accepts as its function the training of students to become teachers in all types of schools supported or aided by state funds; to meet actually all the demands of the best in the public school system of the present, and to look into the near future and determine the improvements and reforms which the evolution of the public school system is to bring about, and to train teachers to be ready to take up this new work so that the students of Oklahoma may have the best that educational science has to offer at any and all times. In order to do this it is necessary that Central stress both professional and academic subjects.

As a professional school, courses are offered in Pedagogy, History of Education, Philosophy of Education, School Administration and Supervision, Psychology and the Principles of Teaching. In order to prepare teachers for the rural and graded schools, courses are offered in Vocal Music, Drawing, Manual Training, Domestic Science and Art, Agriculture, Library Science and the regular academic subjects. More advanced courses along similar lines are offered for those preparing for the work of high school teachers and administrators and supervisors. For the purpose of providing a place where the prospective teachers can observe the best teaching, and for the purpose of giving these people some actual practice, a training school is maintained in connection with the College.

TEACHING AS A PROFESSION

It is very probable that many young people, especially the young men, being influenced by past traditions, greatly underestimate TEACHING as a profession. They do not realize the great changes that have taken place in a general way during the last two generations, nor the great progress that has been made in favor of the teachers during the last four years. Teaching may now be rightly classified as a profession. Those who become teachers are required to have a definite amount of training in academic and professional subjects, and the requirements are being raised and more strictly enforced each year. The results of teaching are being measured more by scientific standards, and the weaker teachers are being discarded. The spirit of unity is beginning to penetrate the group, and common ideals are being developed and upheld as never before. Especially is this true in Oklahoma, where the Oklahoma Education Association, through its county, district and state meetings, its splendid officers, its effective standing committees, such as the Legislative committee, and its excellent publication, *The Oklahoma Teacher*, is doing such a wonderful work in bringing the teachers of the state into one unified body with the highest ideals and the ability to make these ideals effective. Our high schools are now requiring college graduates for teachers, and in order to help meet this demand, the State Board of Education has raised the Normal Schools to Colleges with the privilege of giving the four year college course and granting the usual Bachelor of Arts and Bachelor of Science degrees. Many of the schools are now requiring two years of college work for those who teach in the grades. Since the number of schools holding these high standards of scholarship for its teachers is increasing very rapidly, it can readily be seen that teaching as a profession is coming into its own.

The salaries which teachers receive are not, as yet, economically just, but they are now more nearly in keeping with the rewards of the other professions than they have ever been before. Because the general public is becoming more intelligent and alert to the injustice being done, and the social necessity of raising teachers' salaries and maintaining adequate standards, the salary status of teachers was never upon so sound a basis nor the outlook so promising as at the present. It looks as if the teaching profession would, in the near future, offer as satisfactory remuneration to those who are well equipped as may be secured by the same amount of preparation in the other professions.

THE VALUE OF A NORMAL COLLEGE EDUCATION

Many young people do not enter the normal schools because they want a general college education. Central State Teachers' College offers an opportunity for students to major and minor in most any of the arts or sciences. A limited amount of education and psychology are required for graduation, but these

courses are among the most valuable now offered in colleges and universities. They are not only scientific in character, drawing their sources from the fields of Psychology, Sociology, Philosophy, Economics and History, but they are very practical for people in every walk of life. Every person is a psychologist, and the one who has a scientific knowledge of the subject has that much better chance in the game of life with his fellow men. These courses teach not only the above principles, but they teach how to use the principles to the best end for ourselves, and the uplift of our fellow man.

COMMITTEE ON RECOMMENDATIONS

In order to aid our students in securing the best positions, and in order that the superintendents over the state may know where they can secure teachers who measure up to the recommendations given them, Central State Teachers' College keeps a Committee on Recommendations whose business it is to look into the ability, training, personality and professional spirit of the students and to place them where they will make the best record for themselves, and best please the people for whom they work.

HISTORICAL

Central State Teachers' College, the oldest educational institution in Oklahoma, was established by the Legislature of 1890, and it was located at Edmond, Oklahoma, on the following conditions: That Oklahoma county donate \$5,000.00 in bonds; that Edmond donate forty acres of land within one mile of the town—the land be divided into lots, save ten acres for the campus; and that these lots be sold, the proceeds to be used for the benefit of the school.

The above conditions were promptly met, and the town of Edmond donated \$2,000.00 in additional bonds. The first school year began November 9, 1891, the school of 23 students meeting at that time in an uncompleted church.

The first building, Old North Hall, was begun in the summer of 1892, and it was occupied about the beginning of 1893. By 1903 the student body had grown from the original 23 to such proportions that they could not be accommodated in one building, and the Legislature of that year made an appropriation of \$40,000.00 for the purpose of erecting a new structure, known as the Administration building. The Legislature of 1914 made the appropriation for the Library building, and it was erected during the years of 1915 and 1916.

In its thirty years of life Central State Normal School has grown from an institution of twenty-three students to an institution with an enrollment of over two thousand students each year. Its graduates now number almost two thousand, and the teachers who are certificated through this institution constitute almost one-fifth of the teachers of the entire state.

On December 29, 1919, the State Board of Education passed a resolution making Central State Teachers' College a four year college with the privilege of granting the customary degrees. The new course was put into operation in September, 1920, and the outlook for the institution in preparing teachers for both the elementary and high schools of the state is very good indeed.

LOCATION

Edmond, the seat of Central State Teachers' College, is one of the most beautiful and progressive cities of the state. It is an ideal location for a great school, being the highest city in Oklahoma on the Santa Fe railroad and being only twelve miles from the state capitol building. There is an abundant supply of the purest water from deep wells, of natural gas for heating and cooking, and electricity for lights and power. The supply of pure water and the complete sewage disposal system makes the city especially sanitary. Thirty-four blocks of concrete pavement have recently been completed.

RAILWAY CONNECTIONS

Central is on the main line of the Santa Fe north and south through the state, which connects with the main lines of the Rock Island, Katy, Frisco and Fort Smith & Western at Oklahoma City and Guthrie. These cities are connected by the Oklahoma Interurban, which runs hourly through Edmond from 6 o'clock in the morning until 12 o'clock at night. This makes it possible to reach Central in 45 minutes after arriving in Oklahoma City or Guthrie.

BOARD AND ROOM

Although the prices of board and room have advanced some during the last two years, good board and room can be secured as reasonable in Edmond as in most any town in the state. Edmond is a school town, and things are more reasonable than many of the towns where the interests of the people are more along financial lines.

MORAL AND RELIGIOUS INFLUENCE

The weekly assembly hour is usually opened with Bible reading and prayer by some local minister or some member of the faculty. The Y. M. C. A. and the Y. W. C. A. offer excellent opportunity for religious development among the students. Nearly all of the regular church organizations are represented in Edmond and have large and commodious buildings.

BUILDINGS AND GROUNDS

The school occupies a campus of generous proportions adjoining the city of Edmond on the east. In addition to the beautiful grassy lawn, surrounded by shady walks, there is a well

equipped playground for the Training School; a number of well kept tennis courts are always ready for use; and an excellent athletic field gives ample opportunity for physical exercises.

Old North Hall, the first building used by the school on the present campus, is the home of the Training School and the Domestic Science, Mathematics and Manual Training Departments. The Library, a beautiful new building, in addition to furnishing ample reading room for the school, houses the Departments of Foreign Language, History and Education. The Administration building has the offices for the school, the assembly hall and the English and Science Departments.

The President's Home, a beautiful brick structure, was recently erected on the southwest corner of the campus.

Central Hall, one of the best basketball courts in the state, is located but a short way from the main buildings.

LIBRARY

The Library, located on the second floor of the Library building, is one of the most beautiful in the state, as well as being well lighted and ventilated. It contains approximately 14,000 carefully selected volumes of reference books for general reading, bound magazines, government documents and pamphlets. The library is particularly rich in works bearing upon education and teaching. The reading room provides the leading periodicals of the day, daily newspapers and, by courtesy of the publishers, many of the weekly papers of the state. The library is primarily for reference work, and in every possible way it is attempting to facilitate research work, which is constantly increasing in prominence.

OFFICERS AND ADVISERS OF CLASSES AND SOCIETIES

Each of the classes and societies has the aid and counsel of a member of the faculty, who is appointed by the President of the school.

Each class and society elects its own proper officers, who carry out the educational and business plans of the body.

SCHOOL ORGANIZATIONS

Alumni Association. The Alumni Association is composed of the two thousand graduates of Central. The purpose of the organization is to keep the school in touch with its graduates; to acquaint them with its plans, its work and its needs; thereby providing opportunity for their coming together. Regular meetings are held twice annually, one in the fall and one in the spring. A Secretary is employed by the Association who devotes his time to looking after the welfare of the Alumni and aiding the institution.

The Criterion Club. This Club was organized in 1912 in answer to a felt need for more student organizations. The Club is composed of girls, and it has for its purpose the study of dramatic art and the sustaining of high ideals of womanhood and good fellowship.

The Shakespeare Club. The Shakespeare Club, a girls' dramatic organization, had its beginning in 1909. Only college students are eligible for membership. The purpose of this club is the intensive study of the life and works of William Shakespeare and the presentation of one Shakespearian play each year.

The Tsa Mo Ga Club. The organization of the Tsa Mo Ga Club took place in the spring of 1917. The membership is limited to girls who are interested in studying and perpetuating the legends, customs and traditions of the Indians. The programs are varied by the introduction of timely topics.

The Triumvirate Club. The first girls' debating club in the state was organized in the spring of 1914 at Central under the name of the Triumvirate club. The purpose of the club is the study of debating and parliamentary law.

The T. O. K. Club. The T. O. K. Club was first organized in the fall of 1917. This is a girls' debating club, although music, art and literature are important features of the programs. College students are eligible to membership. The motto of this organization is "Know Thyself."

The Senate Club. The Senate Club, a debating and oratorical society, was organized in 1912. A public contest in the debate and oratorical is held each semester with the Arena Club, a similar organization, for the purpose of stimulating interest in public speaking and to furnish a definite aim for the club work.

The Arena Club. The oldest debating club in Central and probably the oldest in all the Normal Schools of Oklahoma, bears the name Arena. This club with its limited membership has the definite purpose of training young men in the art of public speaking, debating, parliamentary practice and organization of club work. The work is well regulated by a strong club constitution and the social activities are thoroughly democratic. Thus the Club helps to round out true leaders of student activities.

The Lyceum Literary Society. All students in the High School Department of Central who desire to take part in literary activities are eligible to membership in the Lyceum Literary Society. The purpose of the Club is to develop initiative and ease of manners in public and to bring its members into a close and pleasant relation.

The Pioneer Literary Society. Shortly after Central State Normal was founded in 1891, the Pioneer Literary Society was organized, hence it is one of the oldest literary organizations in the state. The membership of the club is composed of students from the high school department. The programs consist of drills in parliamentary law, orations, debates and music, and to this end a yearly contest is held.

The Quill Club. The Quill Club was organized in the fall of 1917 for the benefit of students who are interested in good writing. The aim of the club is two-fold—to better general writing, and to get something tangible to show for work done. The work of the organization is carried on under the direction of the Instructor of Penmanship.

Intra-College Contests. In order to stimulate the work of the debating and oratorical societies and to give a definite aim for this work, public contests are held each semester by the Senate Club versus the Arena, and by the Triumvirate versus the T. O. K.

Inter-Teachers' College Debates. The six Teachers' Colleges of the state conduct annually a double triangular debating contest. Each school is represented by two teams of debaters, one defending the affirmative, the other the negative of the same proposition. All students are eligible for the contest and a try-out is held several weeks before the debate, at which time the two teams are selected. State championship is then determined by a debate between the winners from the two triangles.

Inter-Teachers' College Reading Contest. An annual reading contest is held by the six Teachers' Colleges of the state. The representative of each school is chosen in a preliminary contest. For six successive years Central has been the winner of the Reading Contest.

The Chorus. All students who have received credit for music 1 and 2, or the equivalent, are eligible for the chorus. This organization, composed of more than one hundred students, meets twice a week for the study of choral music, under the direction of the Supervisor of Music. For several years the Chorus has taken part in the program of the State Teachers' Association.

The Orchestra. Any student who can play a musical instrument is eligible for work in the orchestra. Practice is held twice a week under an efficient director, and numerous opportunities for public appearance are given this organization.

The Ladies' Quartette. The Ladies' Quartette is composed of four young ladies who have attained a degree of proficiency in music. The quartette furnishes music for many special occasions of the school.

The Glee Club. A group of young men who love to sing just for the joy of singing have banded themselves together in this club. In addition to giving several numbers in chapel and singing for other gatherings in the school, some short trips will be made to nearby towns where programs will be rendered. Young men who can sing and are interested should see Mr. Seymour, the Director, during the first week of school.

Inter-Collegiate Athletics. All inter-collegiate athletic events at Central are under the general supervision of the State Athletic Association. These events consist of basketball, football, baseball games and track meets. Central athletes take part in the annual Normal School Invitation Meet at Norman, the State Inter-Collegiate Track and Field Meet at Stillwater, and the Dual Track Meet at Weatherford.

DEAN OF WOMEN

The Dean of Women is always willing and anxious to advise any young woman regarding any question or difficulty which may arise. Students should feel free to consult her.

OPPORTUNITIES FOR WORK

Many students at Central earn part of their expense money by working about the school, or in the homes and stores of the city. Students desiring such work would do well to file their names with the President.

SCHOLARSHIPS AND LOANS

Club Scholarship. The College Clubs of Central, in order to show their recognition of scholarship and appreciation of merit and in order to promote a higher standard of work among college students, offer annually a reward of \$200.00 to the student making the highest average in regular class work under the following conditions:

1. Any student of the Freshman, Sophomore, and Junior classes making an average of sixteen hours each semester will be eligible to the scholarship.

2. The scholarship will be granted only to a student returning to Central the ensuing year and who remains for at least two semesters.

3. In case the student making the highest average fails to return to Central the ensuing year, the scholarship will go to the student having the next highest average.

4. No student shall be permitted to receive a scholarship more than once.

5. The award shall be given to the student making the highest average for the year's work, including the two semesters of the scholastic year, September to May.

6. The scholarship shall be based on student's grades as recorded in the Registrar's Office, averaged by a Committee of three who shall be appointed by the President of the College.

7. In case two or more students tie, the amount of two hundred dollars, (\$200.00), shall be divided equally among them.

8. The name of the winner of the scholarship shall be announced at Commencement.

9. The amount of award shall be left in the care of the Financial Secretary of Central and shall be paid by him to the winner or winners during the first week of the Fall Semester.

10. Students who have been under discipline during the year will not be considered.

Educational Loan Fund of State Federation of Women's Clubs.

The Oklahoma State Federation of Women's Clubs maintain a fund from which girls who wish to attend our State Schools, and find they need financial aid, may borrow.

Notes are made for a period of two years at 4% interest. However, if the one borrowing secures a position within that

time, she is expected to begin to repay as soon as she begins to earn, thereby putting the money back in the fund so that it may sooner be an aid to others.

Applications are to be made to the State Chairman, Mrs. B. B. Barefoot, Chickasha.

C. W. Wantland Medal. The winner of this Medal must meet the following requirements:

1. The student must be making an average of 80%, not falling below 75% in any subject, carrying at least twelve hours work.

2. The student must have ability as an athlete and must have made his letters in at least two sports.

3. The student must be a leader in school activities; must be of unquestioned character, loyal to the school and a leader in the best elements of school life.

4. The student must have been in attendance for the two full semesters immediately preceding Commencement.

Students who have been under discipline during the year will not be considered.

The Medal is to be of gold with proper insignia.

GENERAL REGULATIONS

Normal Preparatory Course. Entrance into the Normal preparatory may be gained by special examination or by presenting a diploma or certificate showing graduation from the eighth grade. In certain cases pupils of mature age who have been out of school for some years, may be admitted on trial.

Normal College Course. Entrance into the Normal College may be gained upon completion of fifteen units from any accredited high school or preparatory department of an Oklahoma State Teachers' College.

BRING YOUR CREDITS WITH YOU. Those desiring credit for work done in accredited high schools, or in other colleges should file a statement of their work signed by a school official with the Registrar at the time of enrolling. Blanks for this purpose will be furnished by Central on request.

ACCREDITED HIGH SCHOOL. Wherever the term "Accredited High School" is used it is interpreted to mean a school which is approved by the State High School Inspector.

WHAT THE CREDENTIALS SHOULD SHOW. The credentials should show: (1) Each subject studied above the eighth grade; (2) the number of weeks each subject was pursued; (3) the number of recitations per week; (4) year of the course; (5) class standing; and (6) length of the recitation.

Advanced Standing. Those bringing credentials properly filled out and signed from accredited high schools, academies, colleges, normal schools and universities will receive advanced standing, according to the number of units presented in the high school department, and according to the number of semester hours in the college work.

Advanced Standing Examination. Examinations for advanced standing may be given to those who have had systematic courses in some high school or college, but who cannot furnish satisfactory evidence that they have taken the work. Students desiring such an examination will make one and only one application for such examination, and the application for such examination must show in detail the courses in which examinations are desired and must state clearly and specifically the reasons for taking the examinations. The application must be made out and in the hands of the committee by 3 p. m. Thursday of the third week of the semester.

No examinations will be given to students in subjects in which they have received conditions or failures in other colleges.

All advanced standing credit is provisional and may be withdrawn if the student's record does not justify the credit given.

Unit of Credit. A unit of credit in the high school department represents five recitations per week for thirty-six weeks.

Semester Hour. A semester hour is defined to be one hour

of classroom work a week, together with the necessary preparations therefor for a semester of eighteen weeks.

Maximum Amount of Work. High School Department: Students in the high school department will be permitted to take four subjects.

College students shall not be permitted to carry more than eighteen hours work during any semester, nine hours during the summer, except with the permission of the Committee on Advanced Standing, which permission shall not be granted except for exceptionally good work on the part of the student applying for additional work.

ADVANCED STANDING COMMITTEE POLICY

It shall be the policy of this committee:

1. To grant the fifth subject to no student during the first semester of his residence.
2. To grant the fifth subject to no student whose average grade for the preceding term is not 90% or above.
3. To confer with the applicant personally before granting the fifth subject, or making other important concessions.

Late Enrollment: Students who enroll late will be permitted to take the amount of work designated below:

Students who enroll during the third week of the term will be permitted to make full credit in only three subjects and students who enroll during the fourth week of the term may make full credit in only two subjects.

Classification for Enrollment. High school students must conform to their classification in selecting a program. Only in exceptional cases will they be permitted to have mixed programs. The subjects appear on the schedule under the year to which they properly belong.

Students may not enroll in college work who do not have at least fourteen units of high school credits unless they have been permitted to enter as unclassified students.

Special Subjects: Credit not to exceed two hours each will be allowed in Chorus, Orchestra and Physical Education toward a Life Certificate; four hours toward a degree.

Extras: The following shall be known as extras and may be taken in addition to a regular program of four subjects, provided that the total amount of work does not exceed nine hours.

		H. S. Credit	College Hrs.
Physical Education	----4 times a week	1-8 unit	1 Hour
Chorus	-----2 times a week	1-16 unit	1/2 Hour
Orchestra	-----2 times a week	1-16 unit	1/2 Hour
Piano or Violin	-----2 times a week	1-8 unit	1 Hour

Piano and Violin. High school students may enroll for credit in Piano and Violin without previous training. College students enrolled in Piano or Violin may receive credit for it by furnishing satisfactory evidence of three years work previously done under an accredited teacher.

Transfer of Residence. A request for transfer of residence from one State School to another must be filed with the President of the State Board of Education in time to complete the transfer before the term begins. Transferred residence can only be used to complete the residence requirement for the Two Years State Certificate. Application for transfer of residence **MUST** be accompanied by a complete transcript of work done in other institutions.

REQUIREMENT FOR HIGH SCHOOL GRADUATION

Requirements for high school graduation include three years of English, one year of Mathematics, one year of High School American History and Civics. Students must complete 16 units, or 15 units and 8 semester hours, before a High School Diploma can be issued. Nothing less than one year of any foreign language will count toward graduation from high school or college, also Algebra (1st year) and Plane Geometry must be completed.

RENEWAL OF CERTIFICATE

The Two-Year State Certificate may be renewed when the holder has furnished satisfactory evidence of one full year's residence at the institution which recommended the granting of the original certificate upon the recommendation of the President of the school through which the two-year state certificate was granted, and upon satisfactory evidence of successful teaching, provided that the year's work is done during the life of the certificate.

REQUIREMENTS FOR CERTIFICATES AND DEGREES

The Two-Year State Certificate will be granted to students eighteen years of age, who have been in residence at one of the State Teachers' Colleges for two semesters (thirty-six weeks) and who have completed fifteen units of high school work, including one unit (four terms) in High School Education; one unit (four terms) in Agriculture and one-fourth unit (one term) in Penmanship provided that two terms of work in Domestic Science or Manual Training may be substituted for two terms of Agriculture. Graduates of four year high school may receive certificate of this grade when they have completed two semesters of residence work and have done eight college hours of work in Education, provided they have completed the required work in Agriculture and Penmanship.

Students who have been granted a Two Year State Certificate from a Normal Training High School may be granted a Two Year State Certificate when they have completed 24 hours of work in O. U., A. & M., or one of the Teachers Colleges, provided this work is done during the life of the certificate.

A Life Certificate may be granted to students eighteen years of age, who have met the college entrance requirements, who have been in attendance at least two semesters (thirty-six weeks), the last term being the one required to complete the work for the certificate, and who have completed sixty-two hours of college

work, including not less than sixteen nor more than twenty-four hours in the major chosen, ten hours in the selected minor and the following designated subjects: Psychology, 1, 2, and 4; Pedagogy, 7; History of Education, 9; Observation and Teaching, 11 and 12; Fundamentals of Lit., 1; Composition, 5 and 6; American History, 7 and 8; Federal Constitution, 38; Penmanship, 1 term; Agriculture, 1-2 unit, or 4 hours; and two hours of Physical Education, provided that the required subjects in any department will count on the major or minor.

Degrees. In order to receive a degree from Central, a student must complete 120 semester hours in regular subjects and 4 hours in Physical Education. At least 30 of the 120 semester hours must be done in residence. The prescribed courses for the Bachelor of Arts degree are as follows: Foreign Language, 6 hours in addition to the entrance requirements of two years, which may be made up after entrance by taking 10 hours additional work; Education, 21 hours; English, 8 hours; History, 6 hours, and Mathematics or Science, 6 hours. The prescribed courses for the Bachelor of Science degrees are as follows: Education, 21 hours; English, 8 hours; History, 6 hours; Science, 6 hours, and Mathematics, 6 hours. Students who take the Primary course are exempt from the requirements in Mathematics.

The English and History and 15 hours of Education and 2 hours of Physical Education are the same as the required work for the Life Certificate.

PLAN OF ELECTION

The elective courses leading to any degree must include a major group of 24 hours and two minor groups of 12 hours each. At least 12 hours of the major and 6 hours of each of the minors must be done during the junior and senior years.

Not more than 40 hours in any group will be counted toward the degree.

For the degree of Bachelor of Arts, the majors and minors must be selected from the following groups, no one of which can be both a major and a minor group for the same student: Ancient Language, Modern Language, English, History, Mathematics, Science or Education.

For the degree of Bachelor of Science, the major and minors may be selected from any of the above groups, or from any of the following: Music, Manual Arts, Home Economics, or Agriculture. The remaining courses for either degree are free electives, but they should be chosen with the aid and consent of the major professor.

EVALUATION OF NORMAL SCHOOL CREDITS

All Normal School credits of College rank will be given two and one-half semester hours credit in the College Department under the new plan.

All Normal School credits of High School rank will be given one-third unit credit.

EQUIVALENTS

To convert credits under the old plan to hours under the new plan, multiply by 2 1-2. This applies to college work only.

The old subject numbers that correspond to the new required numbers are as follows:

NEW SUBJECT:	OLD SUBJECT:
Pedagogy No. 7_____	Pedagogy No. 6
Pedagogy No. 8_____	Pedagogy No. 7
Psychology No. 1_____	Psychology No. 4
Psychology No. 2_____	Psychology No. 5
Psychology No. 4_____	Psychology No. 33
Hist. of Edu. No. 9_____	Hist. of Edu. No. 9
Obs. and Teaching No. 11_____	Obs. and Teaching No. 11
Obs. and Teach. No. 12_____	Obs. and Teach. No. 12
Fund. of Engl. Lit. No. 1_____	No equivalent
Composition No. 5_____	Composition No. 63
Composition No. 6_____	Arg. and Deb. No. 65
Fed. Con. No. 38 _____	Gov. and Pol. No. 36
Physical Ed. _____	Plays and Games, 1 cr. for 2 hrs.
American History 7 and 8_____	No equivalent

Students who have had both Psy. 4 and 5 under the old plan will not be required to take the new Psy. 4.

Students who have had English 63, 64 and 65 in Central under the old plan are not required to take the new Eng. 1.

Anyone who lacks only one term or less under the old plan completing the work for the Life Certificate, may finish under that plan, providing the work is completed in a reasonable period of time.

TEACHERS' COLLEGE GRADES FOR COUNTY CERTIFICATES

In accordance with Section 9, Article 14, Senate Bill 73, known as the School Code, and in accordance with the ruling of the State Board of Education under the above law, credits in the subjects given below may be certified in lieu of an examination grade in the subjects designated, provided the grade has been made in a State Normal School during the past three years, and represents all that is required in that subject for graduation.

SUBJECT:	CERTIFIED AS:
Agriculture, one unit _____	Agriculture
Algebra, one unit _____	Algebra
American Literature, one unit _____	American Literature
Arithmetic, one-half unit _____	Arithmetic
Civics and Oklahoma History, one-half unit_____	Civics and Oklahoma History
Rhetoric and Composition, one-half unit (or Comp. 5a and 6)____	Composition
Domestic Science, one unit _____	Domestic Science
Ancient History, or	
Modern History, one unit _____	General History

Commercial Geography, one-half unit, or	
Physical Geography, one-half unit	Geography
Grammar and Composition, or	
Grammar 4, one-half unit	Grammar
Orthography, one-half unit	Orthography
Penmanship, one-half unit	Penmanship
Psychology, or	
Psychology 1 and 2, one-half unit	Psychology
Physics, one unit	Physics
Physiology, one-half unit	Physiology
Reading, one-half unit	Reading
Pedagogy, or	
Education, 7 and 8, one-half unit	Theory and Practice
American History, one-half unit	United States History

Suggestive Courses for Life Certificates

The following courses are offered for students who desire to do work along special lines.

Students who do not present at least $\frac{1}{2}$ unit in Agriculture and $\frac{1}{4}$ unit in Penmanship with their entrance requirements must take these subjects in addition to those given in the outlines. Penmanship may be taken as the fifth subject without special permission.

GENERAL COURSE

The required subjects that are given in this course are the same as in all other courses. In the other courses the electives are largely prescribed, while in this course the major, minor and other electives may be selected. The required subjects in each department should be taken in the order in which they are given, and at last one, and preferably two, electives should be taken each term. When two electives are taken each term, the required and elective subjects are finished about the same time, and a much better course in electives can be secured, than if all of them are left until the last.

The required subjects are as follows:

Psychology, 1, 2 and 4; Pedagogy, 7; History of Education, 9; Observation and Teaching, 11 and 12; Composition, 5 and 6; Literature, 1; American History, 7 and 8; Federal Constitution, 38; and Physical Education 2 hours.

In addition to the above courses, the requirements include a major of 16 hours and a minor of 10 hours. The major may be selected from any of the following departments:

Education, English, History, Science, Foreign, Language, Mathematics, Manual Training or Home Economics.

The minor may be selected from any of the above departments or from Music or Art.

RURAL TEACHERS' COURSE

This course is designated specifically to prepare teachers for the rural schools and schools located in villages with a distinctively rural environment.

HOME ECONOMICS

The courses in this department are planned with the specific purpose of fitting students to be teachers of Home Economics in elementary and high schools. A student may major in either Food and Nutrition or Clothing and Textiles. If Food and Nutrition is chosen as the major, one minor must be in Clothing and Textiles, and vice versa.

All students majoring in either Food and Nutrition or Clothing and Textiles will take the first two years of their work as outlined under Home Economics. At the beginning of the third year, those majoring in Food and Nutrition will follow the course outlined under that head, while those majoring in Clothing and Textiles follow the prescribed course for that major.

All students majoring in Home Economics should consult the head of that department before making out their schedule.

Suggestive Courses for the Bachelor of Arts and Bachelor of Science Degrees

GENERAL COLLEGIATE COURSE FOR TEACHERS IN HIGH SCHOOL

This course prepares for teaching in fully accredited high schools; it is a four-year college course, requiring the completion of 124 semester hours of college work. Four of these hours must be in Physical Education. This course is planned for the preparation of high school teachers majoring in one of the following departments: Biology, English, Education, Foreign Language, History, Mathematics, Physical Science, Agriculture, Industrial Arts or Home Economics.

Students taking this course and expecting to receive a Life Certificate at the end of the second year must offer not less than 16 nor more than 24 semester hours in the major chosen; they

must also offer ten hours in the minor; fifteen hours in Education as follows: 1, 2, 4, 7, 9, 11, 12; English, 6 hours, 1, 5, and 6; History, 6 hours, 7, 8, and 38; Agriculture, 4 hours; Physical Education, 2 hours, and enough hours of free electives to make a total of sixty-two hours in all.

In order to receive a degree from Central, a student must complete 120 semester hours in regular subjects and 4 hours in Physical Education. At least 30 of the 120 semester hours must be done in residence. The prescribed courses for the Bachelor of Arts degree are as follows: Foreign Language, 6 hours in addition to the entrance requirements of two years, which may be made up after entrance by taking 10 hours additional work; Education, 21 hours; English, 8 hours; History, 6 hours, and Mathematics or Science, 6 hours. The prescribed courses for the Bachelor of Science degree are as follows: Education 21 hours; English, 8 hours; History, 6 hours; Science, 6 hours, and Mathematics, 6 hours. Students who take the Primary Course are exempt from the requirements in Mathematics.

The English, History, 15 hours of the Education, and 2 hours of the Physical Education are the same as the required work for the Life Certificate.

PLAN OF ELECTION

The elective courses leading to any degree must include a major group of 24 hours and two minor groups of 12 hours each. At least 12 hours of the major and 6 hours of each of the minors must be done during the junior and senior years.

Not more than 40 hours in any group will be counted towards the degree.

A number of suggestive courses are given below for the purpose of giving aid in the selection of a major and appropriate minors.

CURRICULUM

High School Department

The courses given below are offered for those who have not completed the high school.

ART

Drawing. First Semester.

Credit, 1 Unit.

Perspective principles studied and applied to drawing of still life forms. Design and its application to leather, to basketry, to book-making and to textiles. Costume design, home decoration.

EDUCATION

Pedagogy.

Credit, 1/2 Unit.

The purpose of this course is to give the high school student who must drop out to teach, a general survey of the principles of teaching which serve as a basis for the solution of his problems of practical teaching. The course of the teaching of Spelling, Writing, Composition, Grammar, Reading for the lower grades, Arithmetic, Music, Nature Study, Geography, Agriculture and Physical Education.

Psychology.

Credit, 1/2 Unit.

The purpose of this course is to give the student a general view of the entire subject of psychology and show how the subject contributes to the solution of educational problems. The course will include such topics as the nature of psychology, body, brain and mind; the nervous system; gathering experience; recording and reproducing experience; analyzing and associating; imagery; thinking; and mental hygiene and efficiency.

ENGLISH

FIRST YEAR:

Grammar and Composition. First Semester.

Credit, 1/2 Unit.

This course is a study in High School Grammar and Elementary Composition. Three written themes a week are required; two days a week are devoted to a study of literature and oral composition. To attain to correctness of expression as to form, penmanship, spelling and punctuation is a continuous aim. The writing of narratives and business letters is stressed.

Grammar and Composition. Second Semester.

Credit, 1/2 Unit.

The aim of this course is to increase the power of expression as in the first course. Three written themes a week are required; two days a week are devoted to a study of literature and oral composition. The writing of descriptive themes is stressed.

SECOND YEAR:**Rhetoric and Composition. First Semester. Credit, 1/2 Unit.**

This course is a continuation of the effort to attain to freedom and fulness of expression. Short expository themes are stressed. Three themes a week are required; two days a week are devoted to a study of literature and oral composition.

Rhetoric and Composition. Second Semester. Credit, 1/2 Unit.

This is a continuation of the work of the first semester. Three written themes a week are required; two days a week are devoted to a study of literature and oral composition. Themes are written mainly on argumentative subjects.

THIRD YEAR:**American Literature. First Semester. Credit, 1/2 Unit.**

This course embraces a study of the history and an interpretation of the masterpieces of American Literature from the beginning to 1860. Frequent written themes are required.

American Literature. Second Semester. Credit, 1/2 Unit.

This is a continuation of the study of American Literature from 1860 to 1920.

FOURTH YEAR:**English Literature. First Semester. Credit, 1/2 Unit.**

This course is a study of the history, and the interpretation of the masterpieces of English Literature from the earliest times to 1616. Chaucer and Shakespeare are especially studied.

English Literature. Second Semester. Credit, 1/2 Unit.

This is a continuation of the study of the history and masterpieces of English Literature from 1616 to the present time. The readings consist mainly of studies in Milton, Dryden, Addison, Swift, Pope, Gray, Goldsmith, Burns, Cowper, Wordsworth, Byron, Coleridge, Keats, Shelley, Tennyson, Browning and Arnold.

ELECTIVE COURSES**Orthography. Credit, 1/2 Unit.****Reading and Public Speaking. Credit, 1/2 Unit.****FOREIGN LANGUAGE**

For description and amount of credit in all Foreign Language courses, turn to the write-up of the departments in the College section of this catalogue. It may be briefly stated, however, that a full year's work in any Foreign Language will give one

unit of high school credit, and that a half year (or one semester) will give one-half unit credit.

Not less than one year of Foreign Language will be counted toward graduation. This means one year in the special language in which one begins.

HISTORY

Ancient History. Two Semesters.

Credit, 1 Unit.

The ancient eastern nations in their relation to Greece and Rome; the History of Greece to the Roman Conquest. Emphasis to be placed upon the social and economic phases of history. A general view of Rome from the early republic to the later empire, the government and institutions being emphasized as a basis for intelligent study of later periods of history.

Medieval and Modern History. Two Semesters. Credit, 1 Unit.

This course covers the history of Europe from the invasion of the German tribes to the present. It deals with the transformation from the ancient to the medieval world; effects of the barbarian invasions; feudal system; growth of the Christian Church. It treats of the age of Louis XIV; the French Revolution and the Napoleonic era; the unification of Italy and Germany and the Europe of today.

American History.

Credit, 1/2 Unit.

Conditions leading to discoveries—colonial institutions, the struggle for a continent. Revolution, confederation and constitution; development of the nation and growth of parties; neutrality, embargo and war. Social and economic history stressed.

Reorganization after war, American system, westward expansion; European interference and the Monroe Doctrine; Socialism and the growth of the slavery issue; Jacksonian Democracy; Texas and Mexican War. Economic and diplomatic problems; political and financial readjustments; great industrial combinations and etc.

United States Civics and Oklahoma History.

Credit, 1/2 Unit.

Course is designated to give a sociological study of Oklahoma History, and a study of civics that leads to better citizenship. Growth of unwritten constitution and practical drill on every-day governmental problems in the state and nation.

English History. Two Semesters.

Credit, 1 Unit.

A study of the development of England, emphasis on the growth of a people, their ideas, institutions and life. Attention is called to the significance of peasant rebellions, religious revivals, industrial revolutions, the rise of democracy, growth and transformation of the social life of a nation.

HOME ECONOMICS

Domestic Science. Two Semesters.

Credit, 1 Unit.

This course consists of the fundamental work in foods which includes preparation of different dishes with a brief history of foods.

Domestic Art. Two Semesters.

Credit, 1 Unit.

Principles of simple sewing, including hand and machine work. Study of fabrics used.

MANUAL TRAINING

FIRST YEAR:

Manual Training. Two Semesters.

Credit, 1 Unit.

This course covers the tool practice, tool sharpening and elementary methods of wood construction and finishing. The State High School Course is followed in a suggestive way. Mechanical Drawing is carried on along with the woodwork. Small problems of soft-wood are selected by the student and worked out in a systematic manner. The fitness of design, the real value as a useful article and the cost of production are items for class discussion.

SECOND YEAR:

Manual Training. Two Semesters.

Credit, 1 Unit.

This course covers the more advanced problems in woodwork with hard woods. Designing and wood finishing are especially stressed. Mechanical Drawing is taught in connection with the problems under construction and in addition is applied to the wider field of drafting. Morris Chairs, Library Tables, Rockers, and useful articles about the home are designed and worked out during this years' work. Stress is placed on proper preparation of the wood and the best methods of finishing.

MATHEMATICS

Not less than one year of Algebra or Geometry will be counted toward graduation.

First Year Algebra. Two Semesters.

Credit, 1 Unit.

This course begins by a comparison of algebra with the corresponding principles in arithmetic; idea of positive and negative numbers, fundamental processes, type products, factoring, the equation, and its use in practical problems, the H. C. F. and L. C. M. The second semester begins with fraction, deals with more complicated expressions, and equations, involution and evolution and quadratic equations.

Third Year Algebra. One Semester.

Credit, 1½ Unit.

Quadratic equations, radicals, exponents, graphs of second degree equations, ratio and proportion, progressions, logarithms, application of algebra to geometrical problems.

Plane Geometry. Two Semesters.**Credit, 1 Unit.**

Axioms and definitions, geometrical quantities, triangles, polygons, circles. The second semester begins with book three: Similar figures, construction, practical problems, application of proportion to similar figures.

Solid Geometry.**Credit, 1/2 Unit.**

Elements of solid geometry, properties and measurements of surfaces and solids.

Arithmetic. One Semester.**Credit, 1/2 Unit.**

Fundamental principles, short methods of calculating, percentage and its application, graphical method of representing arithmetical quantities, ratio and proportion, mensuration. Special emphasis will be given to commercial usage.

MUSIC**Music. One Semester.****Credit, 1/2 Unit.**

This course covers an elementary theory of music, major and minor scales, ear training, rote songs and conducting.

PENMANSHIP**Penmanship. One Semester.****Credit, 1/2 Unit.**

This course covers the Mechanics and Pedagogy of Practical Writing, furnishing definite information and directions for the teaching of this subject in an interesting and successful manner. It includes the study and practice of the fundamentals.

1. Position and its relation to muscular movement development.
2. Movement and its development and application.
3. Form and its development from elements, principles, etc., into writing as a finished product.

SCIENCE

HIGH SCHOOL COURSE

Agriculture. First Semester.**Credit, $\frac{1}{2}$ Unit.**

An introductory course covering such subjects as Corn, Wheat, Oats, Cotton, Legumes, Meadows, Irrigation, Western Agriculture, Southern Agriculture, Soils, Soil Fertility and Soil Moisture. About the first half of the text.

Agriculture. Second Semester.**Credit, $\frac{1}{2}$ Unit.**

A continuation of the work of the first semester. Farm Animals, as Cattle, Horses, Sheep, Swine, Poultry, Farm Economies, as General Farm Management, the Home Grounds and Wood Lot, the County Agricultural Agent, Farm Implements, Roads and Miscellaneous information. Second half of the text.

Introductory Physiology.**Credit, $\frac{1}{2}$ Unit.**

A course in Anatomy, Physiology and Hygiene, designed to establish and to equip the teacher for elementary presentation. The purpose of this course is to teach those things that will enable the student to make of his or her body, and also those they minister to, the most efficient mechanism possible.

The second term takes up the requirements of the body as to food, exercise, sleep, fresh air, breathing, etc. The physiological requirements of children, where they differ with adults, will be emphasized.

Chemistry. First Semester.**Credit, $\frac{1}{2}$ Unit.**

This is the first semester of general chemistry for preparatory students. Both laboratory work and recitations are given.

Chemistry. Second Semester.**Credit, $\frac{1}{2}$ Unit.**

This is the second semester of general chemistry for preparatory students and is a continuation of the above semester's work.

Zoology.**Credit, $\frac{1}{2}$ Unit.**

This is a course in general Zoology for high school students. It consists of lessons, reports and laboratory work. Field trips are taken.

Botany.**Credit, $\frac{1}{2}$ Unit.**

This is a course in general Botany for high school students. Local flora are studied both in laboratory and in the field.

Physics.**Credit, 1 Unit.**

This course is intended for those who have never had any physics, it is a year's work, the first semester being devoted to the study of mechanics and heat and the second to the study of electricity, sound and light. The class periods are two hours in length, half of the time being devoted to the text and the other

half to laboratory work. One-half unit credit is given for each semester's work.

General Science.**Credit, 1 Unit.**

As the name signifies, this is a brief course in the important sciences, such as physics, chemistry, botany, agriculture, zoology and physiology. Numerous experiments are performed. It is a year's work and a unit of credit is given.

Physical Geography.**Credit, $\frac{1}{2}$ Unit.**

This course is one semester's work and offers one-half unit credit. It is a study of the physical features of the earth, such as the formation of rivers, mountains, glaciers; the work of the wind, tides, kinds of soil, etc. Numerous field excursions are made and interesting experiments are performed.

CORRESPONDENCE DEPARTMENT

It is the aim of Central State Teachers' College to aid the teachers of the state in getting the highest education possible. The best way to accomplish this is to bring the teachers and the school into the closest possible touch. Many of the teachers are not able to attend school during the entire school year and could not further their education if it were not for the fact that they are able to carry some work by correspondence.

The large number of students enrolled in the Correspondence Department shows very clearly that it is an important factor in helping the teachers who are not fortunate enough to do residence work. A nominal fee of six dollars per course is charged as enrollment fee.

HIGH SCHOOL COURSES

One-half unit credit will be given for the following Correspondence Courses when successfully completed:

ENGLISH.

- Grammar and Composition, 1st yr.
1st Semester.
- Grammar and Composition, 1st yr.
2nd Semester.
- American Literature, 3rd yr., 1st.
Semester.
- American Literature, 3rd yr., 2nd.
Semester.

HISTORY.

- American History, 1492-1920.
- United States Civics & Okla. Hist.
- Ancient History, 1st Semester.
- Ancient History, 2nd Semester.
- Medieval History, 1st Semester.
- Modern History, 2nd Semester.

PENMANSHIP.

- *Penmanship, One Semester.

MATHEMATICS.

- Arithmetic, One Semester.
- Algebra, 1st yr., 1st Semester.
- Algebra, 1st yr., 2nd Semester.
- Algebra, 3rd yr., One Semester.

SCIENCE.

- *Agriculture, 1st Semester.
- *Agriculture, 2nd Semester.
- Physiology, One Semester.
- Physical Geography, One Semester.
- Commercial Geography, One
Semester.

ART.

- Drawing, 1st Semester.

COLLEGE COURSES

Two hours' credit will be given for the following courses:

EDUCATION.

- 1. *General Psychology.
- 2. *General Psychology.
- 7. *Principles of Teaching.
- 8. Teaching the Elementary
Subjects.
- 9. *History of Education in the
United States.
- 14. Rural School Problems.
- 16. History of European Educa-
tion.
- 23. Rural Sociology.

HISTORY.

- 7. *American History.
- 15. General Economics.
- 36. American Government and
Politics.

ENGLISH.

- 1. *Fundamentals of Literature.
- 2. English Literature.
- 4. Advanced English Grammar.
- 5a. *Advanced Composition.
- 5b. Advanced Composition.

BIOLOGICAL SCIENCES.

- 1. Elementary Zoology.
- 2. Elementary Zoology.
- 1. Introductory Physiology.
- 2. Physiology.
- 1. Elementary Botany.

MATHEMATICS.

2. College Algebra.
3. College Algebra.

5. Plane Trigonometry.
6. Plane Trigonometry.

(Note: All courses marked (*) are required for a Life Certificate. Correspondence will not lessen your residence requirements for a certificate.)

All students are required to take a final examination when they have completed the lessons in the outline. For further information and special Correspondence Bulletin, address W. E. Scott, Director of Correspondence, Edmond, Oklahoma.

COLLEGE DEPARTMENT

EDUCATION

1. General Psychology. (Required) Credit, 2 Hours.

An explanation and description of mental phenomena. This course should concern itself with the facts of attention, nervous and motor activities, and the cognitive processes.

2. General Psychology. (Required). Credit, 2 Hours.

Pre-requisite Psychology 1.

This course is a continuation of course 1. It is concerned especially with the instinct and affective and volitional activities, especial reference is given to psychology as applied to teaching.

3. Psychology of Learning. Credit, 2 Hours.

An advanced course in the psychology of learning.

4a. Educational Psychology. (Required). Credit, 2 Hours.

Pre-requisite Psychology 1 and 2.

An advanced course in the application of psychological principles to education, presupposing courses in Psychology 1 and 2. Some of the topics that will be considered are: Original nature, its general characteristics, responses of sensativity, original satisfiers and annoyers, learning and remembering, the value of original tendencies and means of their control.

4b. Psychology of Adolescence. Credit, 2 Hours.

Adolescent group life, including the physical and mental changes of group organizations, play, crime, health, leadership, and reactional activities.

5. Child Psychology. Credit, 4 Hours.

A study of the development of the child mind. History, sources, aims and methods of child study; the problems of infancy; physical and mental growth; motor development; plays and games; linguistic development; personality, and stages of growth.

6. Abnormal Psychology. Credit, 2 Hours.

The psychology of exceptional children; the backward child, varieties and grades of mental deficiency; the feeble-minded; children of unusual mental ability; tests for mental deficiency.

7. The Principles of Teaching. (Required). Credit, 2 Hours.

The purpose of this course is to teach the things which are most necessary for the beginning teacher to know. It deals with the problems of organizing and controlling the school with special emphasis on the problem of maintaining the right sort of discipline.

8. Teaching the Elementary Subjects. Credit, 2 Hours.

In this course the study of systematic lesson-planning is taken up. The problems of maintaining interest, motivating the work, etc., are presented.

9. History of Education in the United States. (Required). Credit, 2 Hours.

A history of education in the United States dealing with the growth and development of the public elementary schools, the growth of the high schools, the beginning, growth and functions of the normal schools, and the development of the American colleges and state universities. Present tendencies in American education are especially emphasized.

10. Educational Tests and Measurements. Credit, 2 Hours.

A consideration of the best attempts that have been made to secure adequate instruments for measuring the work and efficiency of public schools.

11. Observation and Teaching. (Required). Credit 2½ Hours.
Prerequisites, Psychology 1 and 2, Pedagogy 7.

Directed observation and practice teaching in the elementary school. Five hours of teaching required for graduation.

12. Observation and Teaching. (Required). Credit 2½ Hours.
Prerequisites, Observation and Teaching 11.

Directed observation and practice teaching in the elementary school. This is a continuation of the foregoing.

13. Educational Psychology. Credit, 2 Hours.

Psychology and pedagogy of the elementary subjects.

14. Rural School Problems. Credit, 2 Hours.

A course for those who intend to teach in rural schools.

15. Mental Tests and Measurements. Credit, 2 Hours.

A study of the various attempts to measure native intelligence as given in the various revisions of the Binet Scale, the Point Scale, the army intelligence tests, and the Thorndike Columbia Entrance tests, etc.

16. History of European Education. Credit, 2 Hours.

A rapid survey of the educational system of the Greeks and Romans, followed by a survey of the education in the middle ages. This survey is to be followed by an intensive study of the reforms of the great educators, Rousseau, Froebel, Herbert and Pestalozzi, and a thorough study of the development of education in Western Europe.

17. Principles of Teaching, High School. Credit, 2 Hours.

The psychology and pedagogy of the high school subjects. Some such consideration as is contained in Judd's "Psychology of the High School Subjects," and Parker's "Methods of Teaching in the High School."

18. Educational Administration and Supervision. Credit, 2 Hours.

19. The Philosophy of Education. Credit, 2 Hours.

20. High School Observation and Teaching. Credit, 2 Hours.

Directed Observation and Practice Teaching in the high school.

22. Current Problems in Education. Credit, 2 Hours.

This course could be adapted to fit the needs of a particular class. In a general way it should attempt to study the educational magazines, the publications of the Federal Bureau of Education and the publications of the research societies in education form the basis of this course.

23. Rural Sociology. Credit, 2 Hours.

A study of the problems confronting rural communities with an effort to discover the principles which underlie rural progress. A study of the rural school as an instrumentality for the promotion of rural well-being.

24. Educational Sociology. Credit, 2 Hours.

A study of the relationship of education and the various educational institutions to the larger society of which all these institutions are a part.

25. Vocational Guidance. Credit, 2 Hours.

A course dealing with the adjustment of education to the individual differences of the pupils, with an effort to understand the current transformation of educational practice.

26. Philosophy. Credit, 2 Hours.

An introduction to the principles of philosophy, supplementing the courses in philosophy of education and history of education as well as furnishing a basis for later, more advanced philosophical study.

27. State and County School Administration. Credit, 2 Hours.

County and rural school administration and supervision. An effort to determine the relative merits of the various types of school organization in rural communities, a study of rural surveys, system of supervision, certification of teachers, etc.

28. Primary Reading. Credit, 2 Hours.

This is a course for primary teachers. It deals with the psychology of primary reading, and seeks to give guidance in the best methods of teaching reading to the beginners. It also seeks to give guidance in elementary methods of teaching language.

29. Primary Numbers. Credit, 2 Hours.

A course in elementary numbers. The psychology and pedagogy of numbers is developed and an effort made to acquaint the student with aids and devices for teaching the number work of the first three grades of the elementary school.

30. Nature Study.**Credit, 4 Hours.**

A course in nature study, home geography and health instruction for those who are preparing to teach in the first three grades of the elementary schools. This course seeks to give the student assistance in teaching 'home geography as a basis' for more systematic training later; it strives to help in the instruction concerning the plant and animal life surrounding the home life of the child, and the relation of that life to the child; it seeks to give lessons in cleanliness, health and sanitation, thus laying the basis for those habits which are essential to good health.

ENGLISH

(Courses 1, 5 and 6 are Required for Life Certificate).

- 1. Fundamentals of Literature. Credit, 2 Hours.**

Prerequisite, Composition 5a.

It is the aim of this course to acquaint college students with the wealth of pleasureable and worth-while things found in the field of English literature. The study if approached through the examination of various literary types such as the epic, the lyric, the drama, the essay, the romance, etc.

- 5. Advanced Composition. Credit, 4 Hours.**

This course comprises a detailed study of narration, description and exposition, and an abundance of practice in theme writing. At regular intervals students are met for conference.

- 6. Argumentation and Debating. Credit, 2 Hours.**

This course is a continuation of English 5. Most of the subjects for discussion are selected from the questions of the day.

ELECTIVE COURSES

Prerequisites, English 1, 5a, and 6.

- 2. English Literature. Credit, 2 Hours.**

This course embraces extensive readings in English Literature from Anglo-Saxon days to the time of Wordsworth. Essays and special reports are required. Verse is emphasized.

- 3. English Literature. Credit, 2 Hours.**

This course is a continuation of English 2. It embraces readings in English Literature from the time of Wordsworth to the present day. Prose is emphasized.

- 4. Advanced English Grammar. No Prerequisites. Credit, 2 Hours.**

This course is a practical course in technical grammar designed for students of college rank. Special attention is given to the periodic reports published by the National Education Association.

- 7. Story Telling and Mythology. Credit, 2 Hours.**

This course is intended primarily for students who expect to teach in the grades. Stories of various types are studied and their merits weighed, and there is much practice in story-telling.

- 8. Literary Criticism. Credit, 2 Hours.**

This course involves a discussion of the main principles of literary criticism and the study of a few specimens of literature. This course is recommended to all prospective high school teachers.

- 9. The Short Story. Credit, 2 Hours.**

This course embraces the history of the short-story; a study of the various types of the short-story, a study of the mechanics of the short-story; and practice in short-story writing.

10. Public Speaking. Credit, 2 Hours.

In this course the student is taught to think on his feet; exercises in the effective organization of material are stressed; the psychological principles governing public speaking are given attention; and model speeches are analyzed.

11. Argumentation and Debating. Credit, 2 Hours.

Practical problems involved in argumentation and debating receive attention in this course and an intensive study of some debatable questions of the day is made. Students who take part in the inter-collegiate debates are expected to enroll in this course.

12. Shakespeare. Credit, 2 Hours.

In this course, an intensive study is made of six of Shakespeare's plays and some attention is given to the technique of the drama.

13. Shakespeare. Credit, 2 Hours.

This course is a continuation of 12. Six of Shakespeare's plays are studied intensively and his non-dramatic contributions are considered.

14. The Modern Drama. Credit, 2 Hours.

This course involves a brief review of the history of the drama and the reading of a number of recent plays.

15. The English Romantic Poets. Credit, 2 Hours.

The English Romantic Movement is traced in this course and some of the longer works of Byron, Shelley, Keats and Wordsworth are studied.

16. Victorian Poetry. Credit, 2 Hours.

In this course the chief emphasis is placed upon the works of Tennyson and Browning.

17. The Recent Novel. Credit, 2 Hours.

This course comprises the reading and analysis of six typical novels of recent years. Special attention is given to the social and educational problems set forth by the authors.

18. Poetics. Credit, 2 Hours.

This course endeavors to enhance the general poetic appreciation of the student and to familiarize him with the mechanics of English verse. Original contributions in verse are encouraged.

19. Anglo-Saxon. Credit, 2 Hours.

It is the aim of this course to set forth the basic principles of Anglo-Saxon language. Old English selections are read.

20. Middle English. Credit, 2 Hours.

This unit of work is a continuation of 19. The changes in the English language caused by the Norman conquest are studied and the poetry of Chaucer and his contemporaries receive attention.

21. The Essay.**Credit, 2 Hours.**

The purpose of this course is to acquaint the student with the formal and the familiar essay of England and America. Emphasis is placed upon recent contributions.

22. American Poetry.**Credit, 2 Hours.**

This course in American poetry consists of a careful critical study of the chief American poets.

23. The Teaching of English in the Elementary Grades.**Credit, 2 Hours.**

The object of this course in professional English is to present the aims and methods of teaching the various phases of the subject.

24. The Teaching of English in the High School. Credit, 2 Hours.

A careful analysis is made of the English problems that arise in the Junior and Senior High Schools and solutions to the problems are developed.

25. Contemporary Literature.**Credit, 2 Hours.**

This course is designed for College seniors and it deals with the late movements in the literary works.

FOREIGN LANGUAGE DEPARTMENT

Not less than one year of foreign language will be counted toward graduation. This means one year in the special language in which one begins.

LATIN

1. Latin. Credit, 4 Hrs. or 1/2 Unit.

In this course inflections and syntax are studied in connection with translation and composition. Special effort is made to make Latin practical as well as interesting, but nothing is sacrificed that will render the work less thorough as a basis for further Latin study and the study of the modern languages.

2. Latin. Credit, 4 Hrs. or 1/2 Unit.

This course is a continuation of 1, and the two are equivalent to the work usually covered in the first year of Latin in high school. Not less than eight college hours or one high school unit of Latin may be counted toward graduation or the life diploma.

3. Caesar. Credit, 4 Hrs. or 1/2 Unit.

The Gallic War forms the basis of this course. Special attention is given to the rules of syntax and composition.

4. Caesar. Credit, 4 Hrs. or 1/2 Unit.

Continuation of 3.

5. Cicero. Credit, 4 Hrs. or 1/2 Unit.

Selected orations of Cicero are critically studied, and the work in syntax and composition continued as in Caesar.

6. Cicero. Credit, 4 Hrs. or 1/2 Unit.

Continuation of Course 5. Special reports are required on subjects that will help the students to understand the life and work of Cicero.

7. Vergil. Credit, 4 Hrs. or 1/2 Unit.

The Aeneid is carefully studied, special attention being given to scansion, figures of speech, syntax and mythology.

8. Vergil. Credit, 4 Hrs. or 1/2 Unit.

Continuation of Course 7. Written reports are required on subjects assigned for investigation during the reading of Courses 7 and 8.

9. Ovid. Credit, 2 Hrs. or 1/4 Unit.

Several hundred verses of the Metamorphoses are read and a close study is made of scansion and mythology. Any student who has had three years of Latin may take this course.

10. Livy. Credit, 4 Hours.

Selections from Livy's History of Rome. Prerequisites four years high school Latin.

11. Cicero's Philosophy.**Credit, 4 Hours.**

A study of De Amicitia and De Senectute. Prerequisites as in Course 10.

12. Horace.**Credit, 2 Hours.**

This course consists of a study of selected Odes and Epodes of Horace. Prerequisites as in Course 10.

13. Private Life of Romans.**Credit, 2 Hrs. or $\frac{1}{4}$ Unit.**

This course is intended primarily for teachers of Latin and those that intend to take a somewhat extended course in this subject. Students that have had less than two years Latin may not be enrolled for this course. Such subjects as the family, dress, meals, marriage, funeral ceremonies, etc., are considered.

14. Sallust.**Credit, 4 Hours.**

A study of Sallust's Catiline and the Jugurthine War. Prerequisites four years high school Latin.

15. Terence.**Credit, 2 Hours.**

A study of Terence's Phormio. Prerequisites four years of Latin.

16. Caesar.**Credit, 2 Hours, or $\frac{1}{4}$ Unit.**

In this course Book Five of Caesar's Gallic War is read, with grammar and composition work arranged so that the course may be taken with profit either by students who have had no work in Caesar or by those who have had a half year or more.

FRENCH**1. Elementary French.****Credit, 4 Hrs. or $\frac{1}{2}$ Unit.**

In this course emphasis is placed on verbs and pronouns, with daily composition and conversation. Reading easy prose.

2. Elementary French.**Credit, 4 Hrs. or $\frac{1}{2}$ Unit.**

Continuation of Course 1. Not less than eight college hours or one high school unit of French may be counted toward graduation or the Life Certificate.

3. French.**Credit, 4 Hrs. or $\frac{1}{2}$ Unit.**

Reading modern prose and poetry, with composition and conversation, especially noting the idioms.

4. French.**Credit, 4 Hrs. or $\frac{1}{2}$ Unit.**

Continuation of Course 3.

5. French.**Credit, 4 Hrs. or $\frac{1}{2}$ Unit.**

The French Novel. A study of Daudet, Dumas, Sand, or others of equal difficulty. About 800 pages are read.

6. French.**Credit, 4 Hrs. or $\frac{1}{2}$ Unit.**

The French Drama. A study of Moliere's Comedies, Racine and Corneille. Prerequisites, Courses 1 to 4, or equivalent.

7. French. Credit, 4 Hrs. or 1/2 Unit.

Short Story. An intensive study of Daudet, Maupassant, Musset and Vigny. About 800 pages are covered.

8. French. Credit, 4 Hrs. or 1/2 Unit.

Advanced composition and conversation. Prerequisites, Courses 1 to 6, or equivalent.

SPANISH**1. Elementary Spanish. Credit, 4 Hrs. or 1/2 Unit.**

This course consists of daily composition, easy readings, conversation and practice in forms and syntax.

2. Elementary Spanish. Credit, 4 Hrs. or 1/2 Unit.

Continuation of Course 1. Not less than eight college hours or one high school unit of Spanish may be counted toward graduation or the Life Certificate.

3. Spanish. Credit, 4 Hrs. or 1/2 Unit.

Composition based on Espianosa and Allen. Intensive conversation. Reading easy plays.

4. Spanish. Credit, 4 Hrs. or 1/2 Unit.

Modern Novel. This course is an intensive reading of more advanced type. About 700 pages are covered.

5. Spanish. Credit, 4 Hrs. or 1/2 Unit.

Commercial Spanish. This course consists of reading correspondence, and conversation with rapid dictation.

6. Spanish. Credit, 4 Hrs. or 1/2 Unit.

Modern Drama. A rapid reading of Spanish plays, with some poetry.

7. Spanish. Credit, 4 Hrs. or 1/2 Unit.

Conversation, story telling, rapid sight reading and composition. This course is designed for those who desire a working vocabulary for Spanish. Prerequisites courses 1 to 4.

8. Spanish. Credit, 4 Hours.

Advanced Spanish.

HISTORY, GOVERNMENT AND SOCIOLOGY

1. European History.

Credit, 2 Hours.

From 395 A. D., through the crusades, the disintegration of the Roman Empire, the development of European nations, the power of the Roman Church, monasticism and feudalism will be closely studied.

2. European History.

Credit, 2 Hours.

A continuation of Course 1 through the Reformation. The Renaissance, the Discoveries and the Reformation will receive emphasis.

3. European History.

Credit, 2 Hours.

A continuation of general European history, to the beginning of the French Revolution. The decline of the Papacy, development of the power of divine right. Kings, colonial empires and the rivalry of nations will be stressed.

4. France Since 1789.

Credit, 2 Hours.

The French Revolution will be the chief subject of this course, but her eventful establishment of democracy and after history will be briefly considered.

5. History of England.

Credit, 2 Hours.

From the beginning to the end of the Tudors, Medieval life and institutions, the development of parliament, political and religious independence will be emphasized.

6. History of England.

Credit, 2 Hours.

From 1603 to the present time. Commercial, industrial, literary and democratic development and power. Much supplementary reading and note book work will be done.

7. American History.

Credit, 2 Hours.

From the discovery to 1750. Much of this course must be studied from the European viewpoint. Life in the colonies, political problems, struggles with various enemies and the growth of the colonies.

8. American History.

Credit, 2 Hours.

From Jackson's administration to the present. The question of slavery, state rights, the Civil War period, expansion, industrial progress, recent events will be leading features. Much supplementary reading and note book work will be done.

9. Oklahoma History.

Credit, 2 Hours.

Explorations, settlement of the Indians, openings to white settlers, territorial governments, statehood, educational and industrial development. Not open to those offering Oklahoma History for entrance.

10. Teachers' Course in History. Credit, 2 Hours.

Principles and methods of teaching history efficiently. Prerequisites, History 1 to 6.

11. History of Ancient Greece. Credit, 2 Hours.

A more advanced and thorough study of the political, social and intellectual life of the Greeks.

12. History of Rome. Credit, 2 Hours.

A more advanced and thorough study of the Roman Republic and Empire, up to the final division, 395 A. D. Roman Law. Spread of civilization, military system and the causes of her disintegration. Of special value to Latin and law students.

13. Modern Political Problems. Credit, 4 Hours.

A course to give a general understanding of the important governmental problems and the different people of the world. Not open to Freshmen or Sophomores or those without credit in History 12.

14. Elementary Political Economy. Credit, 2 Hours.

Explains the meaning of wealth, capital, labor, money, etc. Not open to those who have entrance credit for Economics.

15. General Economics. Credit, 2 Hours.

Prerequisites, Economics 1 and American History.

One of these courses in a more advanced study and more extensive consideration of principles and problems in the economic sphere. Production, labor unions, wages, division, distribution, big business, etc.

16. Continuation of 15. Credit, 2 Hours.**17. Completion of 15 and 16. Credit, 2 Hours.****18. Economics, Labor Problems. Credit, 2 Hours.**

Prerequisites, Economics 2, 3 and 4.

An intensive and advanced course on labor questions, organizations, arbitrations, etc.

19. Transportation. Credit, 2 Hours.

Prerequisites, Economics 15, 16 and 17.

An advanced course in land and water transportation. Special attention will be given to railroads.

20. Public Finance. Credit, 2 Hours.

Prerequisites, Economics 15, 16 and 17.

Questions of taxation, government and indebtedness, expenditure, budget, etc.

22. Rural Economics. Credit, 2 Hours.

Prerequisites, Agriculture and Economics 1.

A study of efficient management in agriculture, tenancy, insurance, co-operative buying and selling.

23. Economic Results of the War. Credit, 2 Hours.**Prerequisites, Economics 14.**

The important general results of the recent war.

24. Sociology, Introduction To. Credit, 2 Hours.

A course in the elementary principles of sociology. Environment and inherited characteristics as affecting the social life.

25. Rural Sociology. Credit, 2 Hours.

The family, church, school and other influences and problems connected with rural life.

26. Modern Social Problems. Credit, 2 Hours.**Prerequisite, Economics 14.**

The problems in our social life today, and the application of the principles of sociology to them.

27. Criminology. Credit, 2 Hours.**Prerequisites, Economics 14.**

Causes and prevention of crime, reformation, etc.

28. Race Problems. Credit, 2 Hours.

Characteristics and hostilities of the different races, causes and solutions of problems, with special attention to races.

29. History of the British Empire. Credit, 2 Hours.**Prerequisites, Courses covering English History.**

England's acquisition of colonies, her methods of governing them, commercial interests, England as a world power.

30. History of Latin America. Credit, 2 Hours.

Beginnings, growth and present conditions of the Central and South American Nations, of interest to Spanish and commercial students.

31. The World War. Credit, 2 Hours.

Causes and results of the recent struggle against the Central Powers. Large amount of reading of periodical literature.

32. Industrial History of the United States. Credit, 2 Hours.

Open to those who have credit in Economics 14 and American History 7 and 8.

33. Industrial History of England. Credit, 2 Hours.**Prerequisites, Economics 14 and English History 5 and 6.**

This course, as 32, is of special interest to those majoring in Economics or Sociology.

34. Government—Elementary Civics. Credit, 2 Hours.

Not open to those who offer Civics as an entrance credit.

36. American Government and Politics. Credit, 2 Hours.

Continuation of 38.

37. Government of Oklahoma.**Credit, 2 Hours.**

The state constitution, city and county government. Prerequisites: American and Oklahoma History.

38. Federal Constitution.**Credit, 2 Hours.**

History and interpretation of its principles of the Federal Constitution. Political literature and some court cases will be used. Not open to Freshmen. Prerequisites: Civics and American History.

39. Municipal Government.**Credit, 2 Hours.**

A specific study of the different forms of city government. Open to those who have credits in Civics and American History.

40. Business Law.**Credit, 2 Hours.**

Contracts, negotiable instruments, sales and other legal features of business and trade.

41. Comparative Government.**Credit, 2 Hours.**

A comparative study of the national, state and city governments of the important nations. Not open to Freshmen. Prerequisites: European, English and American History.

42. American Diplomacy.**Credit, 2 Hours.**

Our foreign policy, treaties, arbitrations, etc. Open to those who have credits in European, English and American History and Federal Constitution 38.

43. International Law.**Credit, 2 Hours.**

Principles governing relations between nations, treaties, Hague conventions, etc. Prerequisites same as for Government 42.

44. A Teachers' Course in History and Government.**Credit, 2 Hours.**

An effort to develop the psychological principles underlying the teaching of History and Civics; a consideration of recent tendencies in teaching. These subjects, supervised study as applies to History. Prerequisites, 8 hours of college History.

ART

1. Drawing. Credit, 4 Hours.

Drawing with pencil and brush (water color) flowers, fruits, still life studies; design; applied design on painted boxes, tin, glass and china-enamel paint.

2. Drawing. Credit, 4 Hours.

Continuation of Course 1. Art principles applied to pottery, still life, flower and fruit painting; posters, lettering, initial letters, printed texts.

3. Drawing and Painting. Credit, 4 Hours.

Still life, cast drawing, a study of historic ornament; design for tiles and base reliefs to be modeled in clay; pen and ink; water color.

4. Continuation of 3. Credit, 4 Hours.

5. Landscape Study. Credit, 4 Hours.

Composition in line, dark and light, color. Pencil sketching from nature; original landscape composition in charcoal and color. Initial letter using landscape in design. Posters using landscape in design.

6. Continuation of Art 5. Credit, 4 Hours.

7. Figure Drawing. Credit, 2 Hours.

Drawing from full length figure with pencil and charcoal, facility in construction, attention to correct proportion and values.

8. Figure Painting. Credit, 2 Hours.

Painting the figure in water colors and oils. Study in nature is studied closely.

9. Theory and Practice of Teaching Art. Credit, 2 Hours.

A study of the theory and practice of teaching art from the standpoint of general education and the needs of the child in his school development through all the grades of the elementary school. The subjects taken up are: The purpose of teaching art; the art language; landscape study, theory of color, stencils, art courses for the kindergarten, the grade and the high school, etc.

10. The History of Painting. Credit, 2 Hours.

This course takes up the history and development of painting to the end of the Renaissance.

11. History of Painting. Credit, 2 Hours.

Continuation of 10. This course begins with the Renaissance and extends to the present time.

12. The History of Sculpture. Credit, 2 Hours.

History of Sculpture from the ancient times to the present time.

13. The History of Sculpture.**Credit, 2 Hours.**

History of modern sculpture.

14. Home Decoration.**Credit, 4 Hours.**

In this course esthetic principles are applied to home decoration. Special consideration is given to walls, floors, windows and furniture.

15. Home Decoration.**Credit, 2 Hours.**

History styles adapted to modern use. Furniture suitable to different types of houses.

16. Teachers' Course.**Credit, 2 Hours.**

This will deal with the psychology of drawing and with the best methods of teaching public school art.

HOME ECONOMICS

Purpose. This course is arranged here to meet the needs of two classes of students; those pursuing the standard Normal School curriculum, who need general instruction, and second, those desiring to teach Home Economics and need specialized instruction. The intention of the course is to prepare a student to teach both Domestic Science and Domestic Art.

FOODS AND COOKERY

1. Food and Cooking. Credit, 2 Hours.

A general survey of foodstuffs and cookery of foods. This course is designed for students pursuing the standard normal school curriculum, or those doing certificate work. This course is also required for those specializing in Home Economics who have no high school training.

2. Food Preparation. Credit, 4 Hours.

Composition, cost and preservation of foods. Cookery of representative foods. Inorganic Chemistry a parallel. Introduction to Home Economics with a brief survey of woman's education.

3. Food Preparation. Credit, 4 Hours.

This course is a continuation of Course 2. Study of history of foods and cookery.

4. Cookery and Table Service. Credit, 2 Hours.

This course is work with foods on the basis of meal preparation, planning and serving of formal meals. Prerequisite courses 2 and 3.

5. Cookery and Table Service. Credit, 2 Hours.

This is a continuation of Course 4. Formal meals, teas, receptions, etc., included.

6. Home Economics for Rural Schools. Credit, 2 Hours.

This course is intended for students who expect to teach in rural schools. Special study of the school lunch. Open to all students.

7. Dietetics. Credit, 2 Hours.

Chemistry and physiology of digestion and metabolism and nutritive requirements of individuals. Prerequisite courses 3 and 4.

8. Dietetics. Credit, 2 Hours.

This course is a continuation of Course 7. Deficiency diseases and principles of nutrition.

9. Infant Feeding and Invalid Cookery. Credit, 2 Hours.

Energy requirements of infants and growing children, malnutrition, preparation and service of foods for the sick room. Prerequisite Courses 3 and 4.

10. Housewifery and Sanitation. Credit, 2 Hours.

Study of the household appliances; household care, cleaning and sanitation. A lecture course.

11. Home Nursing. Credit, 2 Hours.

Principles governing attending a patient and caring for a sick room, first aids, methods of fumigation, etc.

12. Industrial Cookery. Credit, 2 Hours.

Study of institutional management and laboratory work in connection with cafeteria. Prerequisite courses 3, 4 and 7.

TEXTILES AND CLOTHING**13 Sewing and Textiles. Credit, 2 Hours.**

Fundamentals of plain hand and machine sewing and elementary study of textiles. The course is designed for regular normal students and those doing certificate work. It is required of those specializing in Home Economics who have had no high school training in the subjects.

14. Sewing. Credit, 2 Hours.

Plain machine sewing, use and alteration of commercial patterns, care of machines.

15. Sewing. Credit, 2 Hours.

Drafting of patterns to suit individuals with the measuring and making of garments therefrom. Prerequisite, Course 14.

16. Textiles. Credit, 2 Hours.

Textile industry, identification of fibers, clothing budgets, hygiene of clothing.

17. Costume Design. Credit, 2 Hours.

Good taste in dress, effect of lines and color on individual types of figures.

18. Dressmaking. Credit, 4 Hours.

Designing, drafting, patterns for and the making of afternoon dresses, problems in tailoring. Prerequisite Course 15. This course is continued the second half of the semester and more advanced problems in tailoring are given. Making of tailored dresses.

19. House Decoration. Credit, 2 Hours.

Study of exterior of homes from artistic standpoint. Development of good taste and individuality in the furnishing of a home.

20. Applied Household Art Design. Credit, 2 Hours.

Artistic selection of designs for various articles in the house as curtains, vases, runners, etc.

21. Home Economics Survey. Credit, 2 Hours.

History and development of Home Economics movement, present status and importance, new duties and responsibilities of women. Lecture course.

22. Methods in Home Economics.**Credit, 2 Hours.**

Methods of presenting Home Economics in the schools. Planning courses.

INDUSTRIAL ARTS

1. Organization and Administration. Credit, 2 Hours.

This course is planned to cover problems in the organization and teaching of the industrial arts. It covers the theory of education and its application to the industrial arts, the qualifications and opportunities of special teachers, methods of teaching industrial arts. The work is carried on by means of lectures, discussions, assigned readings and reports.

2. Theory and Practice of Handwork for the Primary Grades. Credit, 2 Hours.

This course is of special interest to supervisors and teachers of the lower grades. It deals with the problems of the first three grades from the standpoint of the supervisor and the regular grade teacher and shows what work is suitable for the purpose of the various grades and how the work can best be handled. The work is carried on by means of lectures, assigned readings, reports and practical exercises.

3a. and 3b. Theory and Practice of Handwork for the Intermediate Grades. Credit, 2 Hours Each.

This course deals with the problems of the fourth, fifth and sixth grades in the same way that Course 2 takes up the work for the primary grades, particular emphasis being given for such forms of work as may be used successfully in the regular classroom by the regular teacher.

The second half of this term will be devoted entirely to the weaving of baskets. All the simple and complex weaves will be used and applied in the making of trays, borders and baskets. Reed, pine needles, Indian Sweetgrass, willow, splints and native materials are used.

4. Industrial Work for Rural Schools. Credit, 2 Hours.

This course takes up problems of interest to the rural school and farm life, and shows how to organize the work that it may serve the communities' need. Inexpensive materials, such as rope and wood, which are easily obtained in rural communities are used in the construction work.

5. Farm Mechanics. Credit, 2 Hours.

This course includes work in wood, cement and metal. It is of especial interest to those who are inclined towards the farm. The practical work includes the making of concrete forms and projects in plain and reinforced concrete. In metal work a series of problems adapted to farm use and embodying the simple principles of forging, pipe-fitting and soldering are taken up and worked out.

6. Farm Machinery. Credit, 2 Hours.

This course involves a study of the common farm machines in assembling, disassembling, tracing lines of power through ma-

chine, learning principles of operation, locating troubles and repairing broken and worn parts.

7. Carpentry.

Credit, 2 Hours.

The aim of this course is to teach the fundamental tool processes of carpentry and the elements of frame building construction. The work done is of decidedly practical character, being on actual cottage and house construction, the theoretical work covers the use of the carpenter's steel square to solve geometric problems, to lay out members of construction such as braces and rafters, laying out work from plane, figuring quantities of materials and costs.

8. Elementary Wood Work.

Credit, 2 Hours.

This is a beginners' course, arranged to give the student sufficient experience in the use and care of the principle bench tools to enable him to use them with some degree of freedom and confidence. Enough drawing is given to familiarize the student with the underlying principles of working and enable him to read blue prints and other drawings. Some study is made of the common kinds of wood and the methods of finishing them.

9. Bench Wood Work.

Credit, 2 Hours.

This course includes such work as is usually given in the eighth grade and first year high school, and presupposes that the student has had, at least an elementary course in woodworking. Development of skill in handling tools and materials, combined with a thorough study of the related teaching problems constitute the general aim of the course. Most of the work is done by hand, but the machines may be used when a large number of joints or pieces are duplicated.

10. Furniture and Cabinet Making.

Credit, 4 Hours.

This course is designed to give practice in cabinet construction suitable for advanced students in woodworking machinery; to afford an opportunity to study methods used in presenting the subject to high school classes, and to give students an opportunity to prepare lesson plans and give demonstrations of tool processes.

The last half of this course will be devoted to Art Metal Work as applied to decorative cabinet work and all kinds of raised bowl forms, trays, desk sets, book ends, flower vases and letter openers. The principle processes of sawing, filing, soldering, etching and finishing are stressed.

11. Wood Finishing and Upholstery.

Credit, 2 Hours.

This course includes instruction in the mechanical preparation of wood before staining, the preparation, use and application of stains, fillers, and finishing coats, such as wax, oil, shellac and varnish, including French polishing and rubbed varnishes. A series of small panels of different kinds of wood are finished and the knowledge gained in this work applied in the finishing of a few

small projects. The making of plain and spring seats will be taught in upholstering, including a study of webbing, springs, stuffing and covers. The use of reed in caning will be considered.

12. Woodturning.**Credit, 2 Hours.**

This course includes a study of the historical development of the lathe, the use and care of the lathe and tools, the cutting action of turning tools and the method of holding them, the making of a series of models which involve spindle, faceplate, chuck and mandrel turnings and finishing and polishing.

13. Elementary Forging.**Credit, 2 Hours.**

This course includes a study of the construction of different kinds of forges, selection of coal, building and care of fire, proper position at forge and anvil, proper use of different tools, correct heat for working and welding iron. The practical work includes drawing out, upsetting, scarfing and welding, bending, forming, twisting, swaging, punching, riveting and die work.

14. Tool Smithing.**Credit, 2 Hours.**

This course aims to acquaint the student with the processes involved in the making of tools for the various shops. The reason for various processes, the choice of material, carbon content of various steels, and various heat treatments in connection with forging, hardening and tempering are studied in detail. The practical work involves the making of such tools as cold chisel, center punch, screw driver and countersink bit.

15. Automobile Mechanics.**Credit, 2 Hours.**

It is the aim of this course to teach the students to be able to locate and repair chassis, engine and ignition troubles. A study is made of different motors as to design, material and construction; of the storage, transmission, clutch, brakes, etc.

16. Pattern Making.**Credit, 2 Hours.**

This includes a study of the relationship between the pattern shop, foundry and machine shop; materials for patterns, selection of stock, draft, finish, shrinkage; selection and use of glue; and the making of simple patterns such as shaper parallel, bench rammer, dovetail slide for lathe rest and pipe fittings. Particular attention is given to proper procedure and accuracy of work.

17. Foundry Practice.**Credit, 2 Hours.**

The aim of this course is to give the student as much practical work as possible in molding and managing the cupola and brass furnace. Talks and demonstrations are given during the course on foundry terms, names and uses of foundry tools, selection and preparation of moulding and core sand, the making of green sand moulds, core making and the use of core furnace, brass furnaces and cupolas, and the selection of foundry equipment. The practical work includes cutting and tempering sand, two and three part flask work, mixing core sand, making and baking cores, set-

ting different kinds of cores, firing, melting, mixing, and pouring iron, and shaking and cleaning castings.

18. Elementary Machine Shop Practice. Credit, 2 Hours.

This course is divided into two parts, bench work and machine work. In the bench work special emphasis is placed on laying out work, chipping, filling and fitting. In jigs, turning between centers, screw cutting, chuck and face plate work, planing flat surfaces, chambers and bevels.

19. General Machine Shop Practice.. Credit, 2 Hours.

This is a continuation of Course 18, in which the student takes up work in gear cutting, fluting taps and reamers, cutting spirals, cylindrical and taper grinding, and the making of repairs and adjustments to the shop equipment.

20. Advance Machine Shop Practice. Credit, 2 Hours.

In this course tool making is taken up and particular attention is given to the making, annealing, hardening and tempering of various hand and machine tools, such as drills, reamers, taps, and dies, milling machines, cutters, etc.

DRAWING AND DESIGN

21. Mechanical Drawing. Credit, 2 Hours.

In this course instruction is given to enable the student to acquire proficiency in free hand lettering and the use of drafting room practice; acquaintance with elementary geometric construction, orthographic projection and development; and the ability to make and read working drawings.

22. Projection Drawing. Credit, 2 Hours.

This course deals with the fundamentals of projection in problems which involve revolutions, sections, intersections and developments, isometric projection, and the development and application of various curves.

23. Furniture Design. Credit, 2 Hours.

This course deals with the designs of different periods of furniture as to beauty and serviceability. A series of exercises are taken up and designs are worked out for pieces of furniture ranging from the simple designs of chairs and tables to the more complex types, which are to be constructed in the cabinet making courses.

24. Architectural Drawing. Credit, 2 Hours.

In this course instruction is given to enable the student to become acquainted with architectural conveniences and lettering; sketching of simple house plans and a study of arrangement of rooms, openings and conveniences; and elevation of the house with a study of the proportions adaptable to the plan.

25. Machine Drafting.**Credit, 2 Hours.**

In this course instruction is given to familiarize the student with conventions used in machine drawing, the making of free-hand sketches from castings and machine parts, the making of detailed drawings and assembled drawings, the technique of tracing and blue printing.

26. Machine Drawing.**Credit, 2 Hours.**

In this course is taken up a study of the theory applied in practical work in the transmission of power by means of belts, cams and gears; and the making of detailed and assembled drawings of intricate pieces of machinery, the selection of views, use of sections, arrangements of dimensions.

PRINTING AND JOURNALISM

1. Printing. Credit, 2 Hours.

This course involves an acquaintance with the process of printing and publishing a newspaper. Typesetting, proof-reading, correcting and making-up are names of some of the activities of this course.

2. Printing. Credit, 2 Hours.

This is a continuation of Course 1, which it presupposes.

3. Printing and Journalism. Credit, 2 Hours.

This is a course in the organization and conduct of a newspaper, especially of a school paper. This course presupposes 1 and 2.

4. Printing and Journalism. Credit, 2 Hours.

This is an introductory course for those who are preparing to enter the vocation of journalism. Prerequisites are 1, 2 and 3.

LIBRARY SCIENCE

1. Library Economy.

Credit, 4 Hours.

Library Methods.

Introduction to arrangement of books in library; use of catalogues and indexes; helps in selection of books for school libraries; guides to choice of books; order; accession; preparation of books for shelves; binding and repair; bulletin work; equipment for school library; library room; picture collection.

Reference and Bibliography.

Promote familiarity with well known reference books; use of indexes to periodicals and general literature; general and special encyclopedias, dictionaries, annuals; use of free material; selection of government documents with value for reference work in a school library.

Classification of Books.

Dewey decimal classification is taught, work of individual students revised and discussed in class.

Children's Literature.

Methods of interesting children of grades in good literature; study of types of modern books; best illustrated editions.

Cataloguing.

2. Library Economy.

Credit, 4 Hours.

Reference and Bibliography continued.

Classification of Books continued.

Children's Literature continued.

Cataloguing continued.

Book Making continued.

Origin and development of printing; book illustration; growth of book trade in United States.

3. Library History.

Credit, 2 Hours.

Library movement in U. S. Library commissions; traveling libraries, county libraries, their relation to schools.

Organization and Administration.

Principles applicable to school libraries.

MATHEMATICS

1. Solid Geometry. Credit, 2 Hours.

Elements of solid geometry, properties and measurements of surfaces and solids. Open to all students not offering it for high school entrance credits.

2. College Algebra. Credit, 2 Hours.

This course consists of a rapid review of elementary algebra, graphic representation, logarithms, determinants, theory of equations, Horner's methods of approximation.

3. College Algebra. Credit, 2 Hours.

This course is a continuation of Course 2.

4. College Algebra. Credit, 2 Hours.

This course is intended for students who have entered with only one year of high school algebra. It includes a thorough review of elementary algebra, and as many of the subjects of 2 as possible.

5. Plane Trigonometry. Credit, 2 Hours.

The derivation and use of formulas, solutions and triangles with acute angles, the solution of right triangles by natural functions, logarithms, the solution of different kinds of triangles, practical work in the use of the transit.

6. Plane Trigonometry. Credit, 2 Hours.

This course is a continuation of Course 5. Graphic representation of trigonometric functions, the inverse trigonometric functions and trigonometric equations, application of the theory of wave motion, spherical trigonometry.

7. Analytical Geometry. Credit, 2 Hours.

The straight line, circle, elements of parabola, ellipse and hyperbola, polar co-ordinates, higher plane curves, elements of solid analytical geometry.

8. Analytical Geometry. Credit, 2 Hours.

This course is a continuation of analytical geometry 7. Conic section, polar co-ordinates, loci problems, higher plane curves.

9a and 9b. Calculus I. Credit, 4 Hours.

Differential calculus, fundamental principles, derivatives, application to geometry and mathematics, maxima and minima, indeterminates. Prerequisite, Course 7.

10a and 10b. Calculus II Credit, 4 Hours.

Integral calculus, integration, definite integral applications to length, areas and volumes. Prerequisite 16.

11. Teaching Elementary Mathematics. Credit, 2 Hours.

Essential features of the course in arithmetic and the allied mathematics of the elementary schools. It presupposes a thorough

course in psychology and pedagogy. Attention will be paid to method in teaching. Reading from the best authors on the teaching of Mathematics.

12. History of Mathematics.

Credit, 2 Hours.

The growth and development of mathematics from the historical standpoint. The development of the application of mathematics to practical affairs. This course also includes a study of the content of present courses in arithmetic, algebra, geometry and unified mathematics.

13. Elementary Surveying.

Credit, 2 Hours.

A brief course in the use of surveyors' instruments, laying out walks, drives, ditches and buildings, calculations of cuts and fills, elements of land surveying. Prerequisite, plane trigonometry.

14. Teachers' Course in Arithmetic and Algebra. Credit, 2 Hours.

The psychology of number, recent tendencies in teaching mathematics and problems of supervised study.

MUSIC

1. Teachers' Graded Course in Public School Music.

Credit, 2 Hours.

This course consists of work in rote and written metric and tonal dictation—introducing major scales, chromatic scales, relative minor keys, oral and written. Major triads and their inversion.

2. Continuation of Music 1.

Credit, 2 Hours.

Adding the tonic minors, minor triads and inversion. Prerequisite, Course 1.

3. Continuation of Music 2.

Credit, 2 Hours.

Writing simple melodies, four-part harmony, analysis of song types.

4. Elementary Harmony.

Credit, 2 Hours.

Ear training and singing lessons in class. It includes writing four-part harmony, including use of primary triads and their inversions, dominant seventh chords and inversions. Special emphasis is laid upon ear training and the singing includes correct breathing, the principles of voice placement and enunciation.

5. Continuation of Music 4.

Credit, 2 Hours.

Prerequisite, 1, 2, 3 and 4.

6. History of Music.

Credit, 2 Hours.

This is the study of the growth and development of music from the earliest time of which there is any record, down to the present. Illustrations are made by means of piano, voice and talking machine records. The history of early church music, the development of musical forms, sacred and secular instruments, are included here.

7. Methods, Observation and Practice.

This deals with the pedagogy and psychology of music in the grades. It takes up the methods of presenting the work in the different grades. Observation being made and practiced in the training school.

8. Chorus.

Credit, 1½ Hour Per Term.

Required on supervisor's course. Music 1 and 2 or the equivalent are prerequisites. Only 4 hours will be counted towards graduation.

9. Orchestra.

Credit, 1½ Hour Per Term.

Students who play instruments which can be used in orchestra are urged to bring them and join the school orchestra. Only 4 hours will be counted towards graduation.

10. Observation and Teaching in the Lower Grades.

This course deals with the methods of teaching—the fundamental psychological principles of teaching are studied with special

emphasis on their application. Prerequisites 1 to 7 with 2 years of chorus.

11. Observation and Teaching in the Upper Grades.

This follows 8 and applies to the upper grades.

12. Observation and Teaching.

This is teaching of 4 with special practice in directing chorus groups and other special organizations.

13. Music Appreciation.

Credit, 2 Hours.

Open to non-music students or those who are not specializing in music. The purpose of the class is to acquaint students with standard vocal and instrumental compositions and enable them to listen with discrimination. Current musical events.

14. The Technique of the Opera.

Credit, 2 Hours.

A practical study of the various vocal forms, including chant, anthem, cantata, oratorio and opera. Open to advanced students and qualified underclassmen.

15. Modern Music and Musicians.

Credit, 2 Hours.

Dwelling especially on American music and its future.

16. Elementary Harmony.

Credit, 2 Hours.

Four-part writing. Special emphasis is laid upon ear training, and key work.

17. Intermediate Harmony.

Credit, 2 Hours.

Continuation of 16. Close and dispersed harmony. Preparation for modulation.

18. Advanced Harmony.

Credit, 2 Hours.

Continuation of 16 and 17. A thorough study of modulations through the diminished seventh and its various interpretations, using enharmonic changes. Also through the dominant seventh chord.

Instrumental Music. Special teachers are provided at the institution where students may take private lessons in piano and violin at \$1.00 per lesson and get full credit for beginning of this work in high school and full college credit after three years work have been completed.

PHYSICAL EDUCATION

Courses 1 and 2 Are Required of All Freshmen in All Courses for the Life Diploma.

1. Physical Exercise.

Credit, 1 Hour.

Development of Organic Power.

Men (a)—One hour of outdoor games while weather permits, other indoors.

(b)—Various athletic games, during the seasons, in place of (a).

Women—Emphasis is laid upon development of good posture and poise. Outdoor games while weather permits, and indoor games, folk dances and elementary work in aesthetic dancing, calisthenics and apparatus.

2. Physical Exercise.

Credit, 1 Hour.

Three hours a week.

Men—Continuation of Course 1.

Women—Continuation of Course 1, advanced work.

3. Playground.

Credit, 1 Hour.

Organization and supervision of the playground. Theory of plays and games from the simple to the highly organized; practice in playing and coaching of games, athletics and folk dancing. Organization of tournaments, meets and various competitions. Equipment of playground, including construction of hand-made apparatus. Prerequisites: Course 2, Physical and Psychology.

4. Theory and Dancing.

Credit, 1 Hour.

Technique of dance. Study of folk and national dances, selected and arranged to meet the need of the schoolroom and playground. Elementary and advanced work in aesthetic and interpretative dancing. Study of pageantry.

5. Theory of Coaching.

Credit, 2 Hours.

This course is designed for those who wish to coach teams, such as football, basketball, volleyball, track, baseball and tennis. The various sports will be taken up and methods of training teams and formations worked out.

6. Hygiene and First Aid.

Credit, 2 Hours.

Personal, school and social hygiene, study of physical diagnosis and physical examination. Lectures and demonstrations in handling emergencies.

7. Theory of Physical Education.

Credit, 2 Hours.

Study of physiology of exercises, the importance of physical exercise in the school life of the child. Methods and practice in teaching of physical education for the primary and grammar grades. Gymnastics for school room use, games, folk dances and story plays. Prerequisites: Courses 2, 3 and 6.

8. Theory of Physical Education.**Credit, 2 Hours.**

This course is intended primarily for those who wish to become teachers of physical education in high schools and colleges. Prerequisites: Courses 2, 3, 4, 5, 6 and 7.

SCIENCE

AGRICULTURE

1. Animal Husbandry.

Credit, 2 Hours.

This course consists of a study of the different breeds of horses, cattle, sheep and swine. Students taking this course will have opportunity to study each breed of our important farm animals as to origin, history, development and use. Considerable practical work in judging and firsthand study of animals is required.

2. Farm Dairying.

Credit, 4 Hours.

A general survey of the field of dairying, including a study of dairy breeds of cattle, dairy barns, secretion of milk, feeding, milking, milk record, care of milk, marketing dairy products, the Babcock test for butterfat, improving the dairy herd, and farm butter making.

3. Poultry Husbandry.

Credit, 2 Hours.

A practical course in poultry keeping for active and prospective teachers who are interested in the agitation of interest for the betterment of thrift and agricultural conditions of Oklahoma. This course treats of such phases of the poultry industry as boys' and girls' clubs, the foundation for success in keeping the birds, hatching and raising chickens, housing, feeding, marketing poultry products, sanitation, diseases of fowls, judging fowls, the poultry show, the business of poultry keeping. This is an excellent course for the housekeeper, the business man, the teacher and the farmer.

4a. Vegetable Gardening.

Credit, 2 Hours.

This course includes a study of the general principles of vegetable culture, the home, school and farm garden, garden soils, preparation of seed beds, fertilizers, planting plans, hotbeds and cold frames, marketing garden produce, storing vegetables and keeping garden records.

5. Agronomy.

Credit, 4 Hours.

A general study of the principal field crops of Oklahoma. Such problems as characteristics of the various field crops, adaptation, culture, harvesting and marketing are studied in this course. Much time is spent in seed identification, testing, selecting seed and grain judging.

6. Soils.

Credit, 2 Hours.

The course deals with such problems as plant food, the relation of the plant to the soil, how soil fertility is lost by drainage, manure, rotation of crops, soil improvement, soil management and the crops best adapted to different types of soils.

7. Soil Fertility. Credit, 2 Hours.

This course deals with such problems as plant food, biological processes in soil study. Students are required to test the effect of barnyard, green and the various forms of commercial fertilizers on growing crops in the college demonstration plats. Effect of the common systems of farming in Oklahoma and the kind of fertilizer best for the soils of our state.

8. Agronomy, Forage Crops. Credit, 2 Hours.

The history, origin, culture, use of the important forage crops. Much attention is given to the study of sorghums, legume crops, grass crops and cereal crops produced in Oklahoma.

9. Farm Management. Credit, 4 Hours.

A study of the principles of farm management, types of farms, planning farm buildings, fences, arranging the fields, studying permanent and temporary fixtures for barns and out-buildings, size of farm in relation to profit and the use of livestock in permanent agriculture.

10. Methods in Agricultural Education. Credit, 2 Hours.

The nature and scope of agricultural education, the relation of agriculture to the sciences and the course of study in the common schools, methods of teaching, preparation of homemade apparatus, conducting home and school gardens, poultry club work, home projects among school children, good roads, farm literature and community building.

11. Teachers' Course in Agriculture.

This course is designed to give to students who have already had ample training, the technique of instruction in agriculture. It will deal with the psychological principles involved and with the best methods of teaching agriculture in rural communities.

BIOLOGICAL SCIENCES**BOTANY****1. Botany. Credit, 2 Hours.**

A study of the forms and parts of plants, and the typical ways that plants perform their function and conform to their environment.

2. Botany. Credit, 2 Hours.

This course is a continuation of 1. An introductory study of plant tissue with especial reference to their development and functions, plant products, their origin and physiological and biological significance.

3. Plant Physiology. Credit, 2 Hours.

The physiological activities of plants, intake and outgo of material and energy, photosyntheses, digestion, translocation, storage, etc.

4. Plant Anatomy.**Credit, 2 Hours.**

A study of plant tissue with special reference to their development and functions, plant products, their origin and physiological and biological significance, histological technique, laboratory work, recitations and lectures.

5. Systematic Botany.**Credit, 2 Hours.**

Field trips once a week, classification of flowering plants, with field study of local flora, and the preparation of an herbarium.

CHEMISTRY**1. General Chemistry.****Credit, 4 Hours.**

This course consists of a study of the most important elements, their history, occurrence, common method of preparation, properties and practical uses of many of the commonly used acids, bases and salts. The course also covers the theory of inorganic chemistry.

2. General Chemistry.**Credit, 4 Hours.**

This course is a continuation of Course 1. The seven groups of metals are studied together with a brief study of organic compounds.

3. Inorganic Chemistry.**Credit, 4 Hours.**

This course is built upon a course in general chemistry, and consists of lectures and recitations on the more difficult principles involved in general chemistry, including such subjects as the gas laws, periodic system, principles of solution, etc. The application of chemistry to the needs of man.

4. Qualitative Analysis.**Credit, 2 Hours.**

This course consists of a study of the common metals, their characteristics, properties and special tests. This is followed by the determination of "unknown" of the seven groups of metals. Lectures and laboratory work. Prerequisites, Courses 1 and 2.

5. Qualitative Analysis.**Credit, 2 Hours.**

This course consists of a study of the common metals, their characteristics, a continuation of Course 4 and consists of a study of acids, their properties and special tests, followed by the "Unknown." Students get practical work in making solutions for the laboratory.

6. Elementary Organic and Sanitary Chemistry. Credit, 2 Hours.

This is a very practical course on the chemistry of sanitation and is designed for students preparing for home economics. Prerequisite, Chemistry 1 and 2.

7. Quantative Analysis.**Credit, 2, 3 or 5 Hours.**

This is principally a laboratory course, including both gravimetric and volumetric analysis, supplemented by lectures and recitations. Prerequisite Chemistry 2, 4 and 5.

8. Chemistry of Food Products. Credit, 2 Hours.**Prerequisite: Chemistry 1 and 2.**

This course is intended for students of domestic science and those interested in the food supply. It consists of a study of the source, composition and use of foods. Attention is given to the world's supply of foods and its manufacture and preparation for market.

9. Food Analysis. Credit, 2 Hours.**Prerequisite: Chemistry 8.**

This course is designed for students specializing in domestic science, the analysis of foods and the chemistry of baking, etc., is taken up and studied. Lectures, recitations and laboratory.

10. Oil Analysis. Credit, 4 Hours.**Prerequisite: Chemistry 7.**

This course consists of the examination of petroleums and their products, lubricating oils, asphalts and road materials.

11. Sanitary Water Analysis. Credit, 4 Hours.**Prerequisite: Chemistry 8.**

This course is a laboratory course in mineral sanitary analysis of water. Lectures and assigned readings on the interrelation of results and upon the methods used.

12. Elementary Organic Chemistry. Credit, 2 Hours.**Prerequisite: Chemistry 4 and 5.**

A consideration of the psychological aspects of the physical sciences, together with an attempt to develop the principles of the technique of teaching physical sciences in the high school.

15. Agricultural Chemistry. Credit, 4 Hours.**Prerequisite: Chemistry 7.**

This course is intended for teachers of Agriculture. It consists principally of a laboratory analysis of soils and feed stuffs.

GEOGRAPHY**12. Geology. Credit, 2 Hours.**

The work of this course deals principally with Dynamical Geology. Geological Formations and Historical Geology. Such phases of the work as geological work of winds, weathering, river action, work of underground water, glaciers, lakes, oceans, volcanoes, work of organisms, movements of the earth's crust, the rock forming minerals, composition and minute structure of rocks and the different historical eras are discussed throughout the course. Instruction is given by lectures, text, laboratory and field excursions.

13. Teachers' Course in Geography. Credit, 2 Hours.

This course includes the study of the following topics in relation to geographical instruction: Nature and scope of geography,

geographical controls, geographical responses, phases of geological study; the relations of geography to the sciences; the relation of geography to other studies of the school curriculum; geography in life; the teachers' preparation; better methods in geography teaching; lesson plans for the different grades; collecting, classifying and mounting specimens; the use of bulletins, pictures, maps, models, etc., in teaching geography.

PHYSIOLOGY

1. Introductory Physiology.

Credit, 2 Hours.

A course in Anatomy, Physiology and Hygiene, designed to establish and to equip the teacher for elementary presentation. The purpose of this course is to teach those things that will enable the student to make of his or her body, and also those they minister to, the most efficient mechanism possible.

2. Physiology.

Credit, 2 Hours.

A more advanced study of Anatomy, Physiology and Hygiene. The requirements of a body as to food, exercise, sleep, fresh air, breathing, etc. The physiological requirements of children, where they differ from adults, will be emphasized.

3. Teachers' Course in Physiology and Hygiene. Credit, 2 Hours.

A course designed to equip the teacher of physiology with the knowledge sufficient to be presented to the student. The course will cover the subject of physiology as presented in course 1 and 2.

4. General Bacteriology.

Credit, 2 Hours.

This course is required and is necessary for those who specialize in Home Economics and Agriculture and is open to any student in the college. It is an introductory course, consisting of lectures and laboratory work, in which the student becomes acquainted with culture methods, staining values and other fundamentals of bacteriology.

5. Teachers' Course.

This course is designed to fit those who are majoring in the Biological Sciences for the work of presenting the subject adequately in the public schools. The psychology underlying the study of Biology, the relationship of Biology to Education and the best methods of presenting general science courses in the public schools will be presented.

PHYSICS

1. Physics.

Credit, 4 Hours.

This course is intended for those who have not had physics in high school. It is an elementary course in mechanics, recitations and laboratory work. Emphasis is placed largely upon familiar mechanics and instruments, such as the steam and gas engines, pumps, meters and simple machines.

2. Electricity, Magnetism and Light. Credit, 4 Hours.

This is an elementary course consisting of lectures, recitations and laboratory work in the practical application of electricity, sound and light. The construction and practical use of many electrical machines are closely studied.

3. Mechanics, Sound and Heat. Credit, 4 Hours.

This is an advanced course in physics, consisting of lectures, laboratory and recitations. Prerequisites, elementary physics and plane trigonometry.

4. Light and Electricity. Credit, 4 Hours.

This course is a continuation of Course 3. It includes a study in the lecture room and laboratory of dynamos, meters, starting equipment, transformers and other electrical devices.

5. The Teaching of Physics. Credit, 2 Hours.

This course consists of the problems of high school physics, a review of the essential principals of elementary physics, and the best method of presentation of the most difficult portions. Its aim is to prepare teachers for the teaching of physics and general science. Prerequisite, High School Physics.

6. Household Physics. Credit, 4 Hours.

A course in physics designed for students in the home economics department. It consists of a study of those principles and processes which enter into the physical problems and appliances of the home, also laboratory practice in simple household measurements and tests.

7. Photography. Credit, 4 Hours.

This is a brief course in elementary photography. It consists of a study of the manipulation of the camera, developing, printing, fixing, enlarging, reducing, toning, transparencies, lantern slides and compounding chemicals. There is also a brief course in the chemistry of photography.

8. Wireless. Credit, 4 Hours.

This course consists of a study of the theory of wireless telegraphy, latest sending and receiving apparatus, construction of aerials, etc., and actual sending practice. Prerequisite, High School Physics.

ZOOLOGY

1. Elementary Zoology. Credit, 2 Hours.

A study of biological principles as illustrated in the animal kingdom as a whole. The laboratory work is designed to give training in methods of scientific observations and interpretations.

2. Elementary Zoology. Credit, 2 Hours.

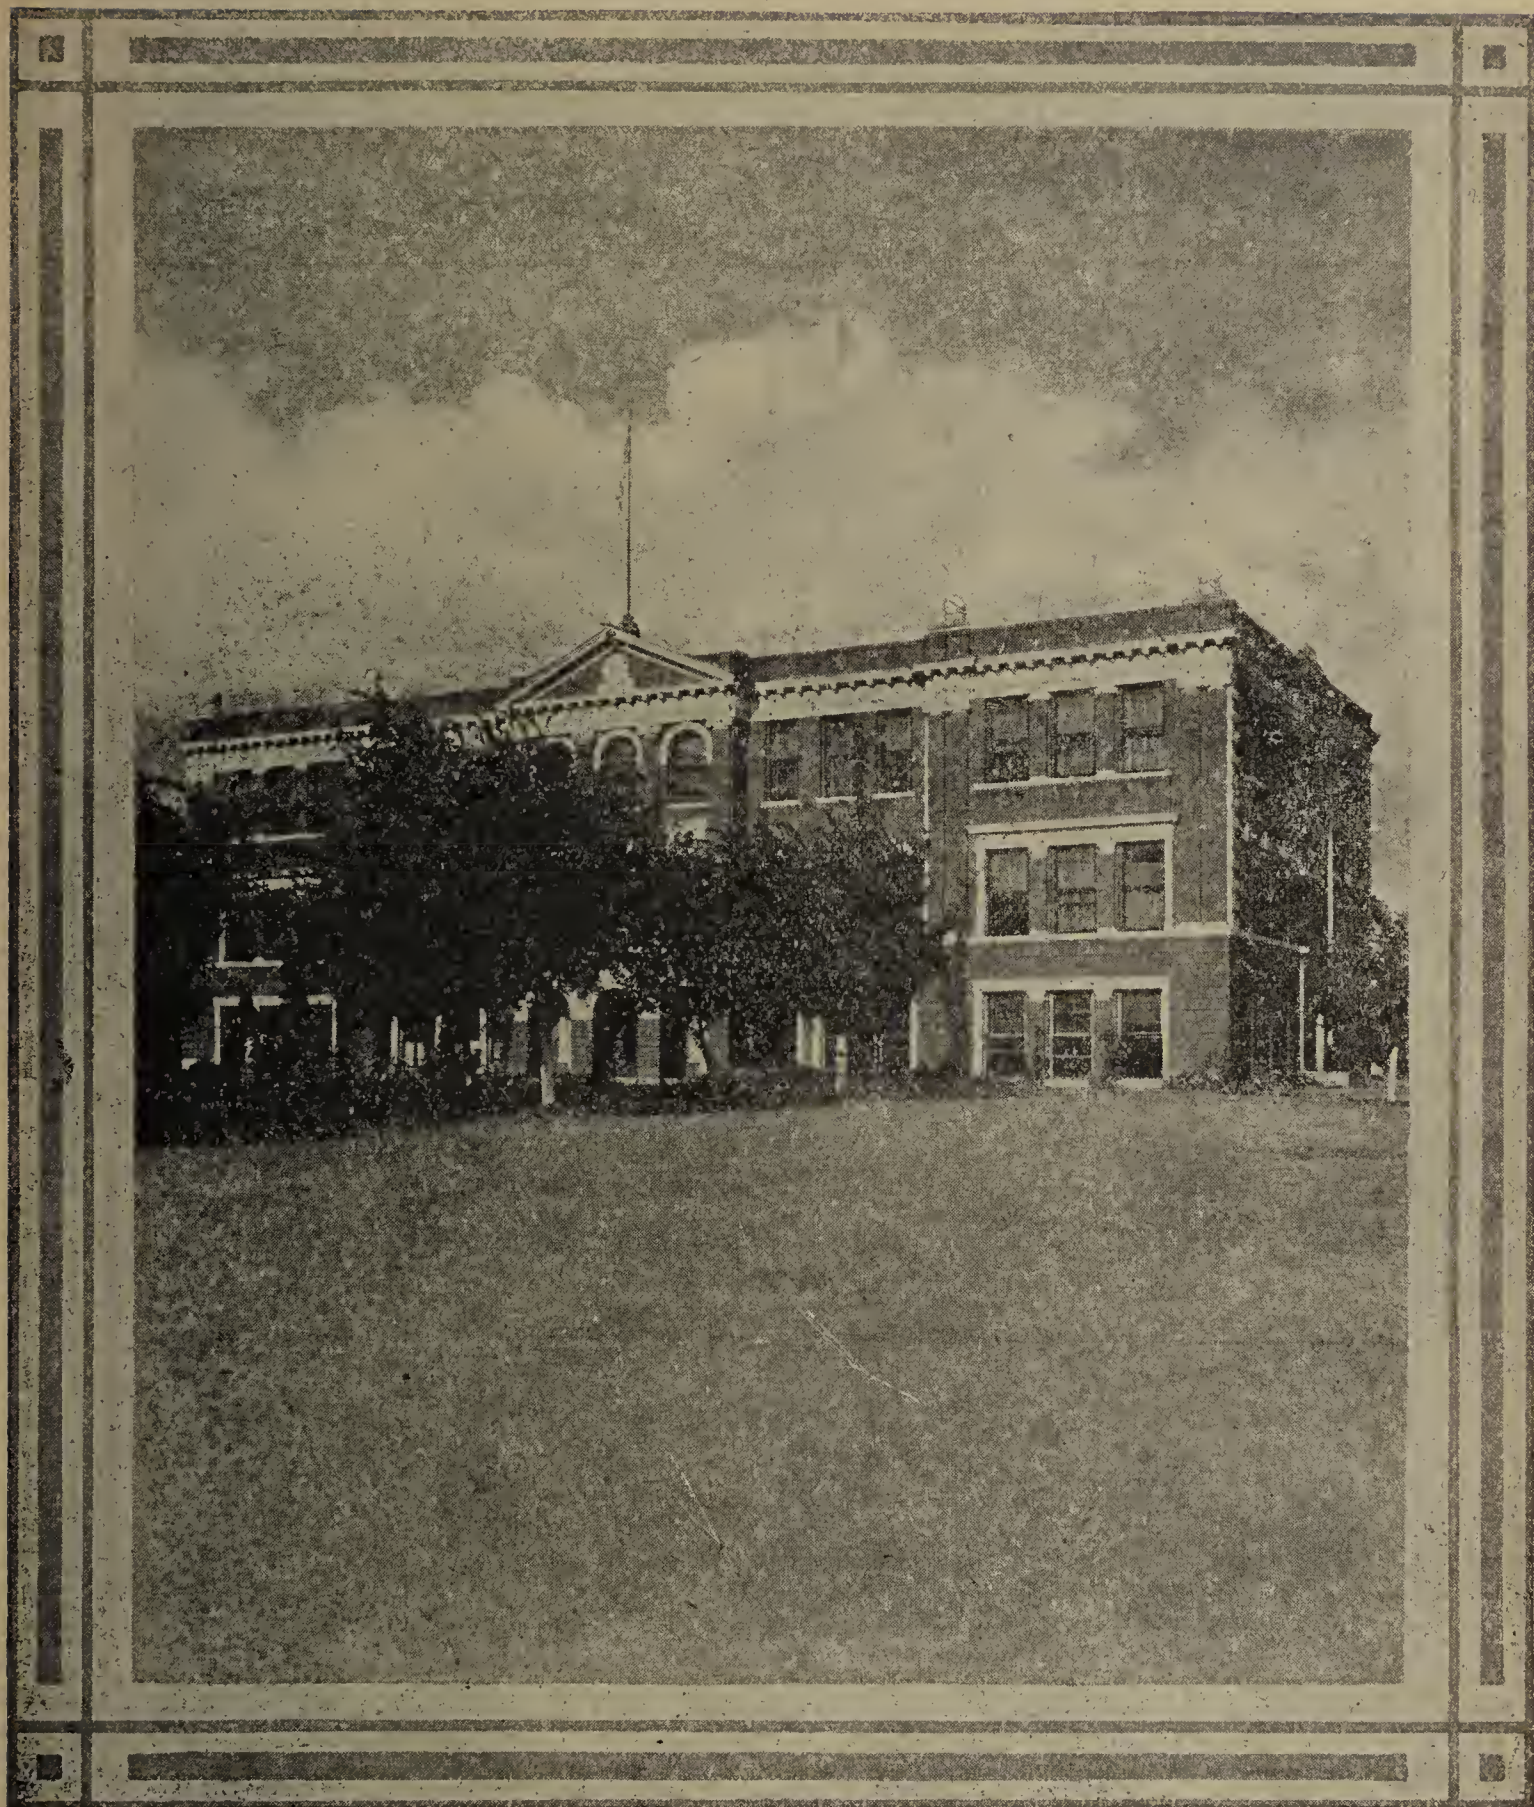

This course is a continuation of Zoology 1. Attention directed especially to morphology, life history, ecology and economic relations, laboratory work, recitations and lecture.

3. Comparative Anatomy.**Credit, 2 Hours.**

This course deals with the structure and relations of the vertebrates. It consists of lectures, assignment readings and laboratory study of types. This course is designed for those who intend to teach and those desiring a general cultural course.

4. Introductory Entomology.**Credit, 2 Hours.**

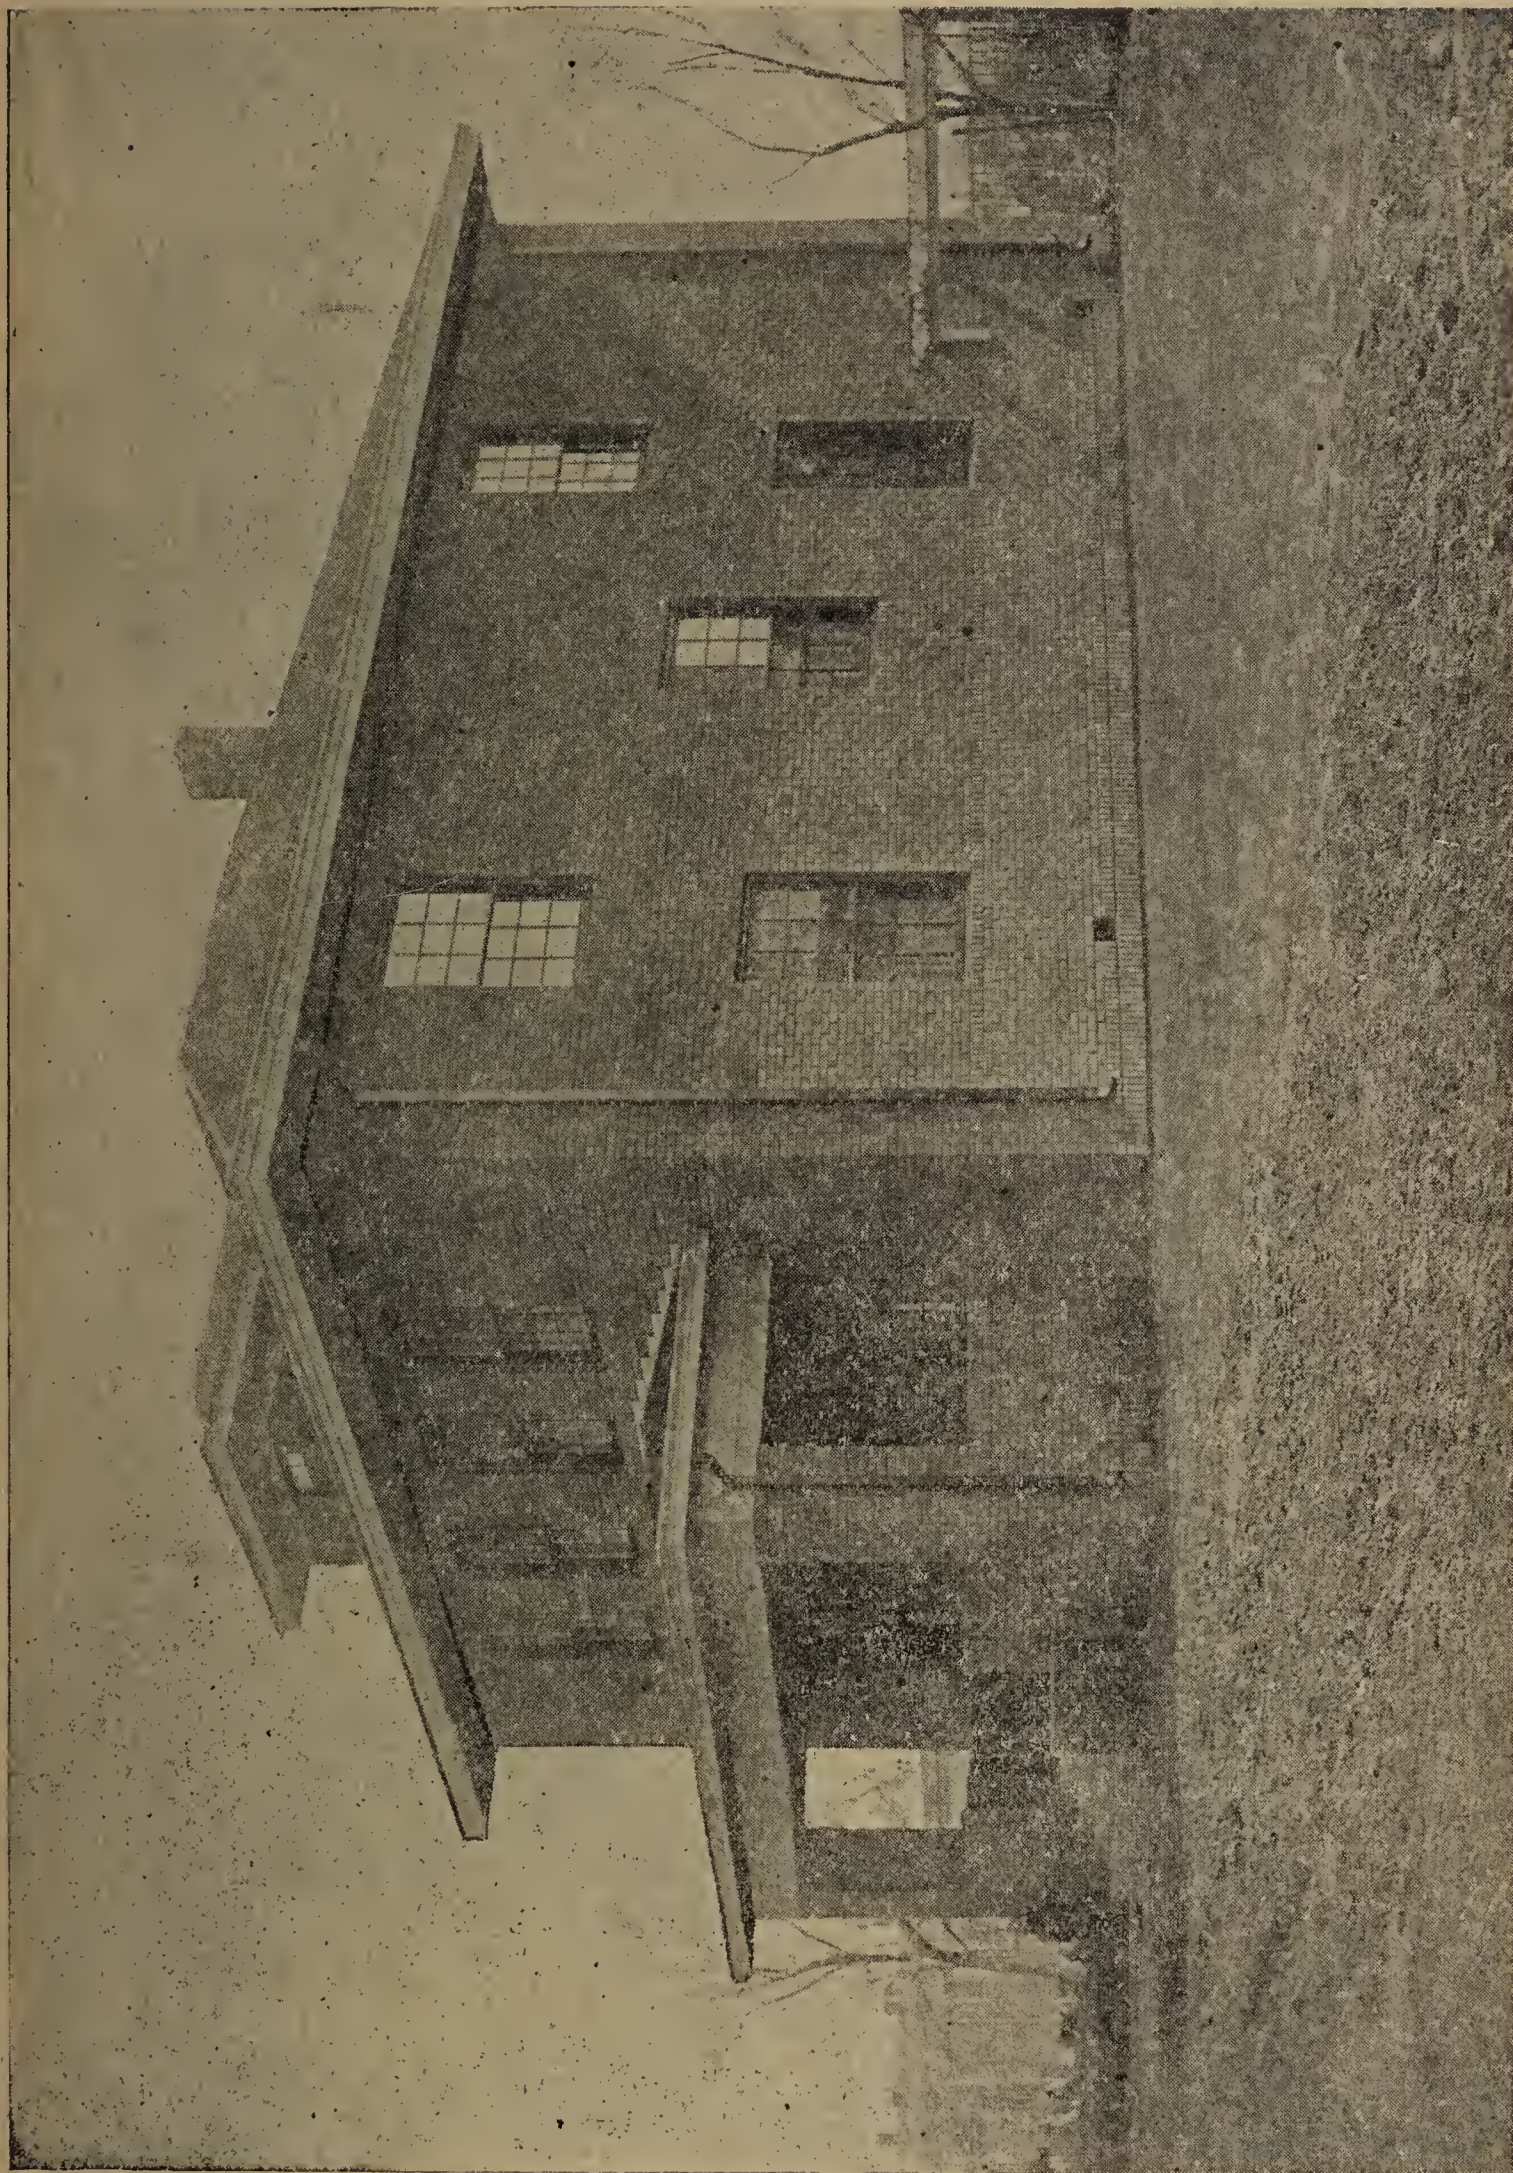

A general course in life and behavior of insects and other arthropods; and their relations to plants and other animals. A field, laboratory and lecture course with recitations, designed for the general student.

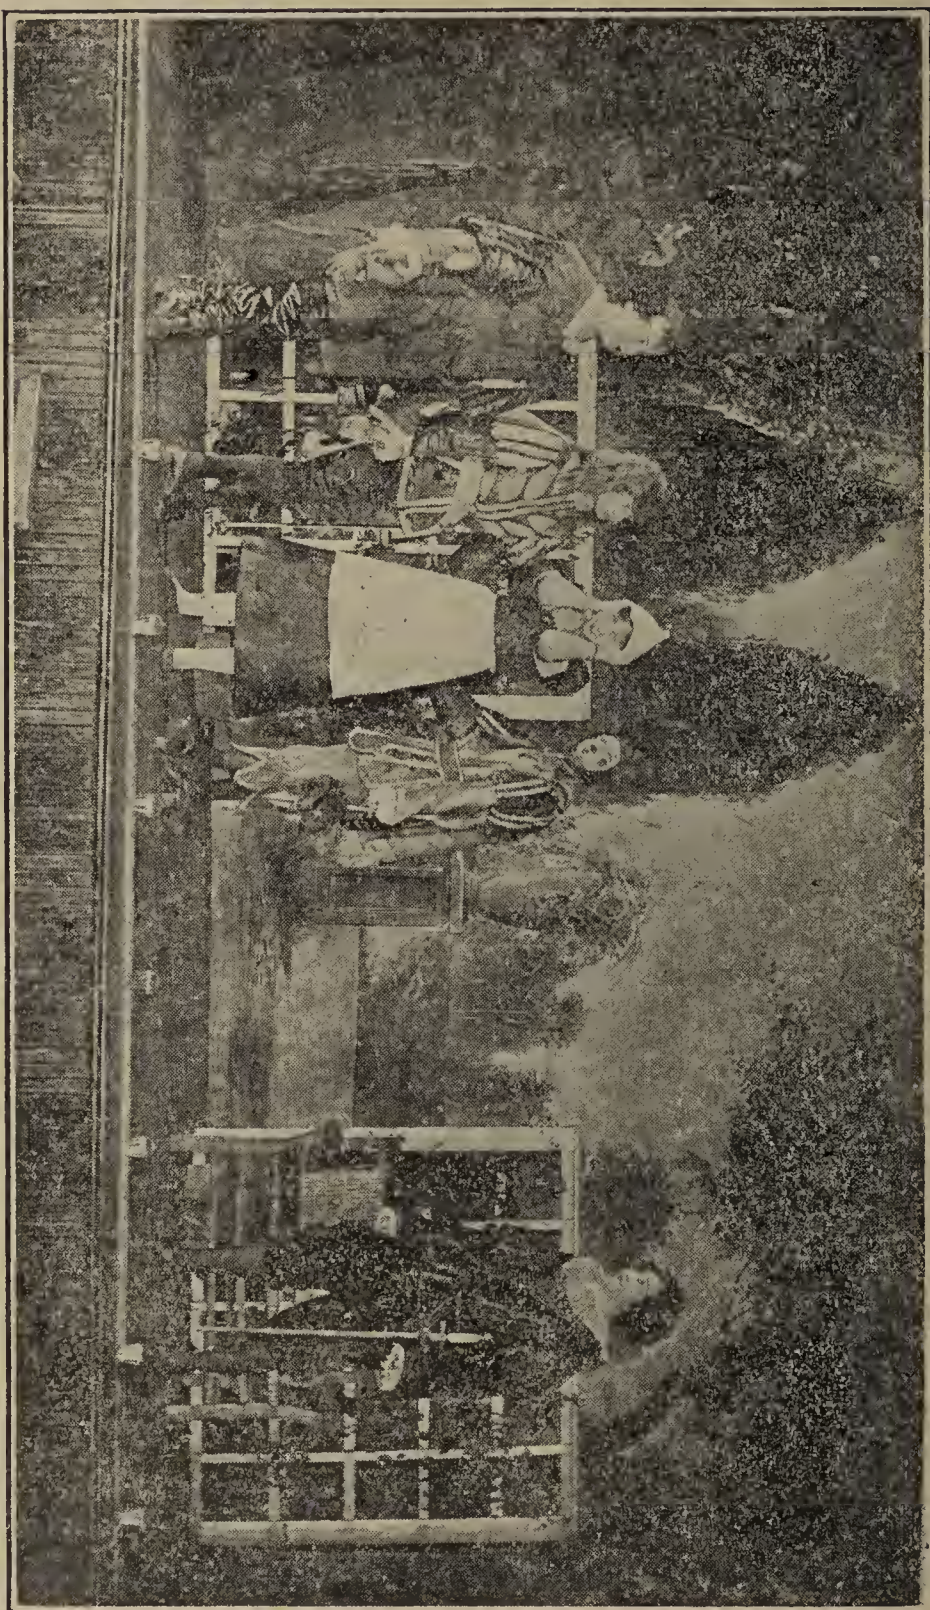

ADMINISTRATION BUILDING

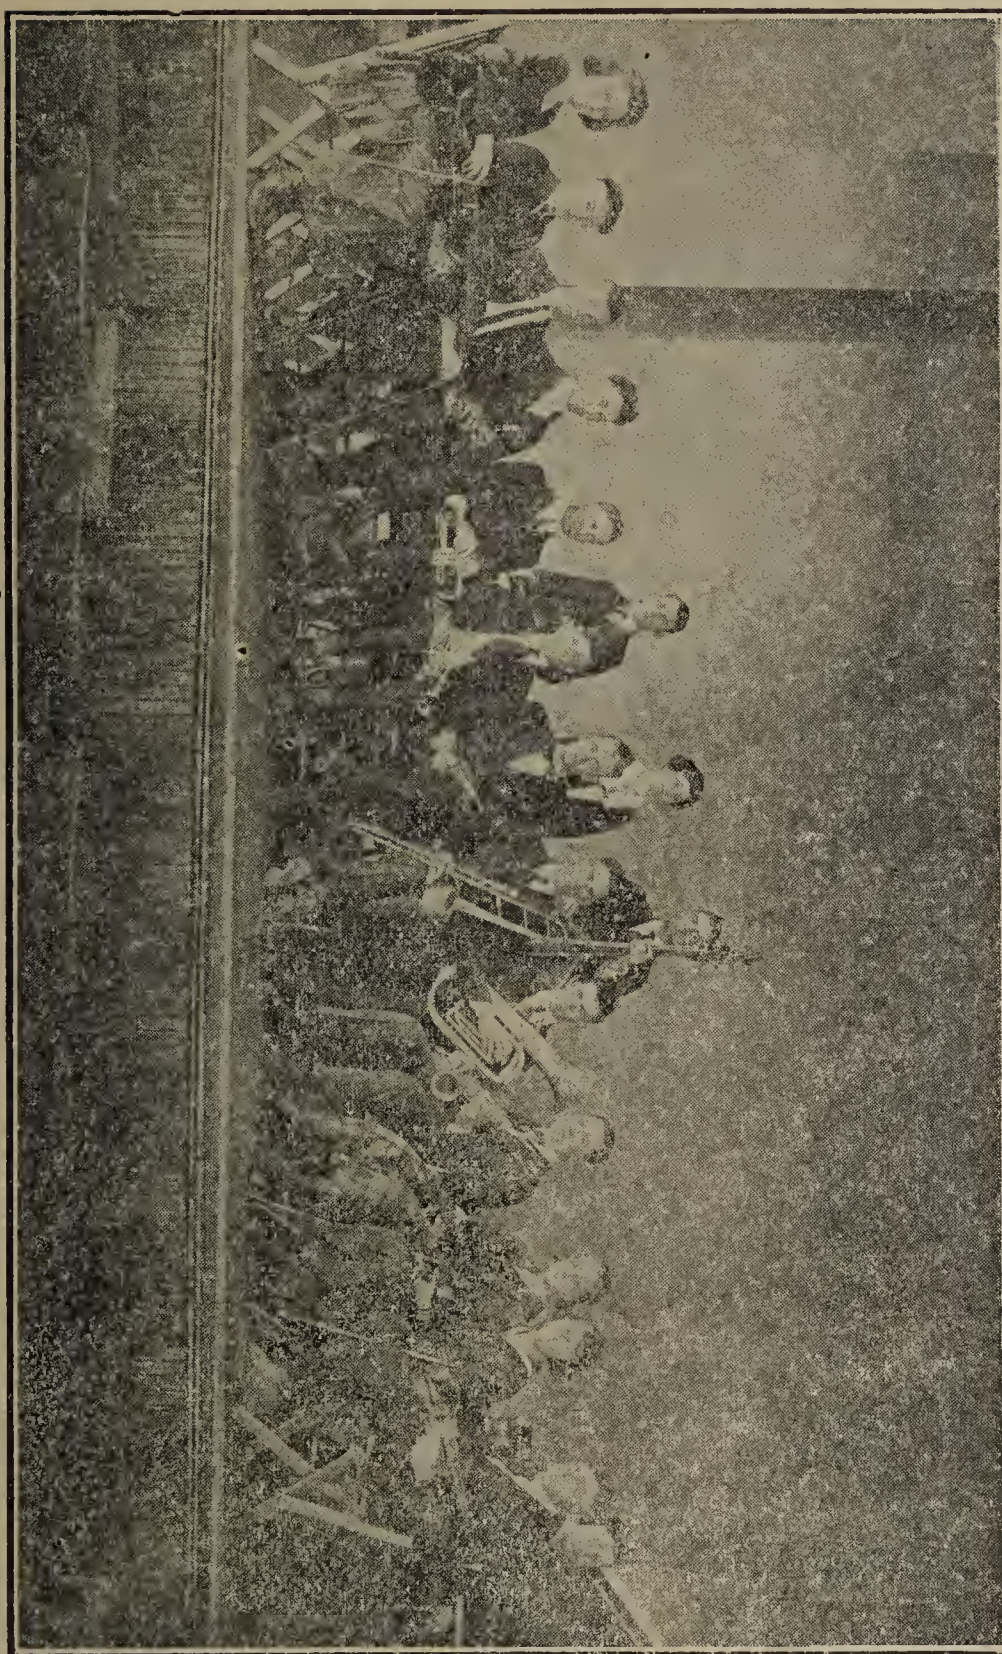

LIBRARY BUILDING

PRESIDENT'S HOME

SHAKESPEARE PLAY

ORCHESTRA

CENTRAL HALL

SNOW SCENE

ENTRANCE, ADMINISTRATION BUILDING

ROLL OF STUDENTS, 1921-1922

ADDRESSES—All addresses are Oklahoma unless otherwise indicated.

Name	Town	County	
Abel, Virgie—Granite	Greer		Angerman, Armelda—Edmond Oklahoma
Abernathy, Lula—Pauls Valley.....	Garvin		Arner, Leatrice—Ryan Jefferson
Acton, Irene—Lovell	Garvin		Arnold, Geneva—Altus Jackson
Adair, Norene—Oklahoma City.....	Oklahoma		Arnold, Marion—Lexington Cleveland
Adams, Anna Lee—Edmond	Oklahoma		Arnold, Nona—Addington Jefferson
Adams, Hollie—Lonewolf	Kiowa		Arnold, Ruth—Ramona Washington
Adams, Maurine—McAlester	Pittsburg		Arrowood, Winona—Depew Creek
Adams, Rena—Lone Wolf	Kiowa		Asbury, Grace—Arcadia Oklahoma
Adamson, Beulah—Edmond	Oklahoma		Ashby, Anna—Edmond Oklahoma
Adamson, May—Dewey	Washington		Ashby, Lillian—Edmond Oklahoma
Addis, Goldie—Okeene	Blaine		Ashlock, Jessie—Anadarko Caddo
Addis, Ruth—Okeene	Blaine		Atkinson, Nellie—Frederick Tillman
Addis, Willie Mae—Okeene	Blaine		Attocknie, Faith—Apache Caddo
Agee, Henry—Edmond	Oklahoma		Austin, Mrs. Vida—Oklahoma City.Oklahoma
Ahrens, Bertha—Kingfisher	Kingfisher		Ayers, May—Claypool Jefferson
Akin, Griffith—Apache	Caddo		
Abbers, Marie—Union City	Canadian		Backhaus, Minnie—Guthrie Logan
Albers, Reynold—Chickasha	Grady		Bacus, Ruth—Britton Oklahoma
Alexander, Frances—Drexel	Cass, Mo.		Badger, Ilene—Kingfisher Kingfisher
Alexander, Robert—Edmond	Oklahoma		Baggett, Mary—Marietta Love
Alexander, Roberta—Cushing	Payne		Bagley, Effie—Erick Beckham
Alkire, Otto—Edmond	Oklahoma		Bagwell, Dovie—Frederick Tillman
Allan, Miss L. J.—Kaw City.....	Kay		Bagwell, Mary—Edmond Oklahoma
Allen, Allene—Marlow	Stephens		Bailey, Grace—Comanche Stephens
Allen, Bessie—Edmond	Oklahoma		Bailey, Jewell—Chickasha Grady
Allen, Esther—Cheyenne	Roger Mills		Bailey, Mary—Edmond Oklahoma
Allen, Ethel—Pauls Valley	Garvin		Bailey, Noble—Blanchard McClain
Allen, Florence—Oklahoma City.....	Oklahoma		Bain, Orval—Perkins Payne
